

Installation techniques and detailing

Self-coved with cove former to Altro PVCu wall sheet

For locations where sheet vinyl flooring needs to achieve a watertight hygienic seal with Altro PVCu wall sheet. The Altro flooring should be covered over a CF38R / CF20R radius cove former, fixed at the junction of the wall and floor, up to a minimum height of 100mm and finished into the Altro transition Strip A832, fixed by the appropriate wall

cladding installer, the flooring should be sealed with a silicone sealant, into the transition strip. The cove former and Altro flooring used in this section must be adhered with a suitable contact adhesive. All mitres and joints within the coving must be hot welded.

Drawing Ref: D8/03/05

Product Code	Colours	Length
A832	White	2.5m / 3m
CF20R	Black	2m
CF38R	Black	2m
