## Altro EcoFix+

Altro EcoFix+ transitional pressure sensitive adhesive (TPSA) goes above and beyond by withstanding severe moisture and alkalinity. Offering the upfront benefits of a TPSA, it quickly transitions into a hard-set to securely lock your flooring in place. With its aggressive, fast-grab design, Altro EcoFix+ handles the pressure of heavy rolling loads with ease and is suitable adhesive for resilient flooring.

### Features and benefits

- Low VOC, 14gpL
- Extremely low odor
- High moisture tolerance
- Permanent, high-strength elastomeric bond
- Ideal for heavy rolling loads
- Immediate light traffic (PSA), 12 hours (wet set), 24 hours for heavy traffic, and 48 hours for heavy rolling loads
- Aggressive tack, fast grab
- Antimicrobial technology
- Non-flammable

### Specifications

- Hybrid acrylic formulation
- Light tan (wet), dark translucent tan (dry)
- Approximate coverage is 220 - 260 ft<sup>2</sup> per gallon.
- 1/32" x 1/16" x 1/32" U-Notched trowel recommended
- Store at room temperature between 50-90°F (15-32°C)
- Freeze / thaw stable to 10°F (-12°C) for 5 cycles
- Two-year shelf life
- Open time 20 - 30 minutes
- Flash time 30 - 60 minutes
- Working time 20 - 30 minutes; 3 hours (PSA)
- Cure time 12 hours
- Usable in up to 99% RH
- PH 5 - 12

For further installation instructions, consult the adhesive label. Adhesive coverage is only an approximation based on experience, subfloor texture and porosity, Altro does not warrant nor guarantee actual adhesive coverages.

### Sustainability

Altro is fully committed to sustainability. Through careful product development, our expert team of technicians and chemists have worked to develop healthy, cost effective adhesives that perform and are compliant with even the most stringent environmental regulations.

This product complies with South Coast Air Quality Management District VOC requirements and contains less than the maximum of 100 g/L; and contains less than the maximum of 150 g/L (Indoor Floor Covering) per the Ozone Transport Commission.
