## Altro Whiterock™ recessed shelf

### Typical applications:

Bathrooms, wet areas and shower rooms in behavioural and mental health facilities, care homes, hospitals, and social housing.

The Altro Whiterock recessed shelf is a hygienic pre-fabricated tamper-resistant shelf insert for holding shower toiletries. Factory-formed using proven Altro Whiterock hygienic walls sheet for an easy installation, the Altro Whiterock recessed shelf has no ligature points or potentially harmful lips or ledges. This unit is perfect for health and care applications such as mental health facilities, care homes and social housing.

- A hygienic solution with no ligature points
- No ledges or lips which may cause injury
- Recessed into the wall and hot welded flush with the adjoining Altro Whiterock
- Watertight, rust-proof and tamper-resistant
- Pre-fabricated and ready to install
- Available in four calming colours

### Altro Whiterock recessed shelf

Integrated satin-finish shower shelf insert, pre-fabricated from Altro Whiterock walls sheet to create a safe, tamper-resistant and hygienic solution that is perfect for health and social care applications.

### Unit size:

406mm x 406mm

### Recess size:

254mm x 254mm

### Depth:

102mm

### To clean:

Wash with water or diluted soap/detergent. Follow the manufacturer's dilution instructions. Use a soft cloth only. Do not use abrasive cleaners, pads or wire wool. Clean heavily soiled areas with AltroClean™ 44 or equivalent alkaline cleaner. For best results, a thorough clean should take place at least once a week.
