Sheffield Children's Hospital

Altro add colour and comfort to emergency department

Issue

Ryan Spencer, Managing Director of RLX Construction, visited the Emergency Department at Sheffield Children's Hospital: "I took my son to A&E and as we waited, I thought this is a great facility that has served so many children, but it was really looking a little tired, and a little outdated."

Approach

Ryan approached his then employer, Henry Boot Construction, and using their contacts and experience they were able to source donated products to refurbish the tired A&E waiting area. "I got really good buy-in, and we were able to deliver a fresh, bright and colourful waiting area at no cost to the hospital", said Ryan.

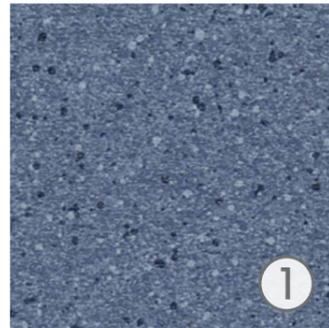

Solution

Richardson Claddings installed Altro Fortis Titanium wall, door and corner protection in the Emergency Department corridors and Altro Whiterock Satins wall sheet in the Emergency Department waiting area. Fresco Flooring installed the Altro Cantata floor throughout the corridors and waiting area.

"It's a far more pleasant environment to wait in for children and families attending the emergency department."

Paediatric Emergency Medicine
Consultant and ED Team Lead,

Looks great with:

1. Altro Orchestra™
2. Altro Wood™ adhesive-free
3. Altro Whiterock™ Imagination Wall

Altro Cantata is an adhesive-free floor that creates maximum impact with minimum downtime. It is ideal for busy public spaces where disruption needs to be minimal, and has no associated adhesive odours.

Altro Fortis Titanium offers durable wall protection, perfect for areas subject to high levels of traffic such as in education and healthcare.

Altro Whiterock Satins is a colourful, satin finish wall sheet with all the hygiene and durability of Altro Whiterock™, allowing you to vary the mood to stimulate or soothe.

Offering all the benefits of Altro Whiterock, Altro Whiterock Chameleon is very durable, with a smooth, watertight, wipe-clean surface.
