Hygienic operating room design

1 LU CREDIT

1 Health, Safety and Welfare Credit

An informative seminar that examines the unique challenges and guidelines that must be addressed when designing operating rooms.

- Trends in operating rooms
- Facility guidelines
- Benefits of vinyl floors and walls
- New installation methods

AIA/CES
IIDA/IDCEC
APPROVED

Safety by design

1 LU CREDIT

1 Health, Safety and Welfare Credit

An informative seminar examining dangers of slips and falls and why correct flooring must be chosen carefully.

- Where and why slips/falls occur
- Specifying slip resistant flooring
- How to select a safe floor
- Criteria for slip resistant surfaces

AIA/CES
IIDA/IDCEC
APPROVED

Designing for Education

1 LU CREDIT

1 Health, Safety and Welfare Credit

An informative seminar that examines the unique challenges that must be addressed when designing interiors for both K-12 and higher education.

- How color and design impact learning
- The epidemic of poor indoor air quality in schools
- The importance of life cycle costing
- Design considerations that each type of room requires.

APPROVED

Preventing infection

1 LU CREDIT

1 Health, Safety and Welfare Credit

An informative seminar examining the dangers of Healthcare Acquired Infections (HAIs) like MRSA, VRE and ESBL and how they can be avoided by selecting proper flooring and walling finishes.

- Healthcare Associated Infections
- Biggest threats – the super bugs
- Approaching infection control
- Selecting hygienic finishes

AIA/CES
IIDA/IDCEC
APPROVED

Designing for an aging population

1 LU CREDIT

1 Health, Safety and Welfare Credit

An informative seminar examining the difficulties seniors face with everyday tasks and how designing interiors to meet those needs creates a safe and comfortable environment.

- Facilities Guidelines Institute standards
- Changes to hearing, vision and mobility
- The importance of color and contrast
- Design considerations by area type
