Altro digitally printed floors for bus

Altro Transflor Metris™ Custom

Application areas:

- Executive sedans, coach, shuttle, trolley, specialty vehicles, mobility vehicles

Discover Altro Transflor Metris Custom for a difference that's clear.

- Encourage ridership with eye catching, high-resolution printed bus floors
- Soften engine noise with 15dB acoustic performance
- Maximize fuel economy with the lightest weight acoustic floor for the transport market
- Stand up to foot traffic with robust, durable construction

For the first time in our bus and coach portfolio, Altro now offers customizable ultra high definition digitally printed floors. Altro Transflor Metris Custom gives you the broadest choice of standard designs in the transport industry, developed in collaboration with industry design experts, and each customizable into any color you choose. Or, if you have something specific in mind, there is also the option to create your own completely custom design for your vehicle. All designs are printed using our in-house state of the art digital printing technology, meaning high-fidelity, great looking designs.

Product guide

Make installation easier

Altro Transflor Metris Custom is available for use with all of our installation services: self-adhesive, pre-cut flooring, and logos. In order to ensure the best quality finish and installation, please discuss any pre-cut flooring requirements with your Sales Executive.

If logos are required as part of your design, these can be printed as part of a custom design or included as separate logos. Please contact your Sales Executive to discuss your requirements.

Altro Transflor Metris Custom

Fire performance	ECE-R118	Pass
	FMVSS 302 / CMVSS 302	Pass
	ASTM E648	Class 1
Slip resistance	AST D2047	≥ 0.6
	DIN 51130	R10
Sound insulation	EN ISO 10140	ca. 15 dB
Flooring type	EN ISO 10582 ASTM F1303	Heterogeneous floor
Thickness	EN ISO 24346	2.85 mm / 0.11"
Wear layer thickness	EN ISO 24340	0.7 mm / 0.027"
Roll dimensions	EN ISO 24341	2 m x 20 m = 40 m ² 6'7" x 65'7"
Weight	EN ISO 23997	2.6 kg/m ² / 4.79lb/sy
Residual indentation	EN ISO 24343-1	≤ 0.20 mm
Flexibility	EN ISO 24344	Pass
Dimensional Stability	EN ISO 23999	≤ 0.4 %
Light fastness	EN ISO 105-B02	≥ 6
Castor chair abrasion	EN 425	Yes, type W
Wear resistance	EN 660-2	Group T
Chemical resistance	EN ISO 26987	Good
Electrical behaviours	EN 1815	≤ 2 kV, antistatic

Endless possibilities with custom design

Altro Transflor Metris Custom is available to order in your own custom design. To create an original design for your project, please get in contact with your local Altro Transport flooring consultant who will be able to take you through the process.

File requirements for custom design

Please ensure your custom design artwork meets the following requirements:

- Color space: RGB
- Format: uncompressed JPG
- Resolution: we recommend a resolution of 300dpi
- File size: The size of your file (width and height), depends on your project, but there are some technical considerations. Please check how to prepare your file before you proceed.

The image resolution of the file should follow the file's requirement guidelines and the image should not have been enlarged from its original quality. This means that you cannot take a small image from the web and enlarge it, as the result will be a heavily pixelated image that is not fit for print.

When specifying the amount of flooring needed for your installation, please allow extra to ensure you can match the design between flooring cuts.

To get started, contact your local Altro Transport Sales Executive who will be able to guide you through the process.

Samples

If color choice is critical, please
request a sample of the material
