Altro Stronghold™ 30

Altro Whiterock™

Calgary kitchen makes 1,700 meals a day on Altro Stronghold™ 30

Calgary Meals on Wheels, located in Calgary, Alberta, Canada, is a not-for-profit organization that was created to assist the elderly living alone and those being discharged from the hospital with no help available during recovery. The organization provides 1,700 meals each day; approximately 500,000 meals a year. Calgary Meals on Wheels is dedicated to promoting a stronger community by providing meals to people in need of their services.

Calgary Meals on Wheels had been working out of the same facility for 30 years and was really starting to outgrow the space they had. They needed to move to a new facility which would allow them to help more people in need. The kitchen in the new facility is 15,000 sq. ft. and has the capacity to provide 5,000 meals a day.

The Erv Parent Group, our distributor and partner in Western Canada, worked closely with Sanford Design Group out of Calgary, AB to specify 775 square yards of Altro Stronghold 30 and 140 sheets of Altro Whiterock for the kitchen in this new facility. The material was installed by KBM Commercial Floor Coverings Inc also out of Calgary, AB.

Altro Stronghold 30 is a 3mm thick flooring designed for safety in wet and greasy areas where frequent spillage is likely. This product is ideally suited for use in commercial kitchens due to its industry leading wear resistance and low maintenance features.
