

Save **carbon**  
save **time**  
save **money**

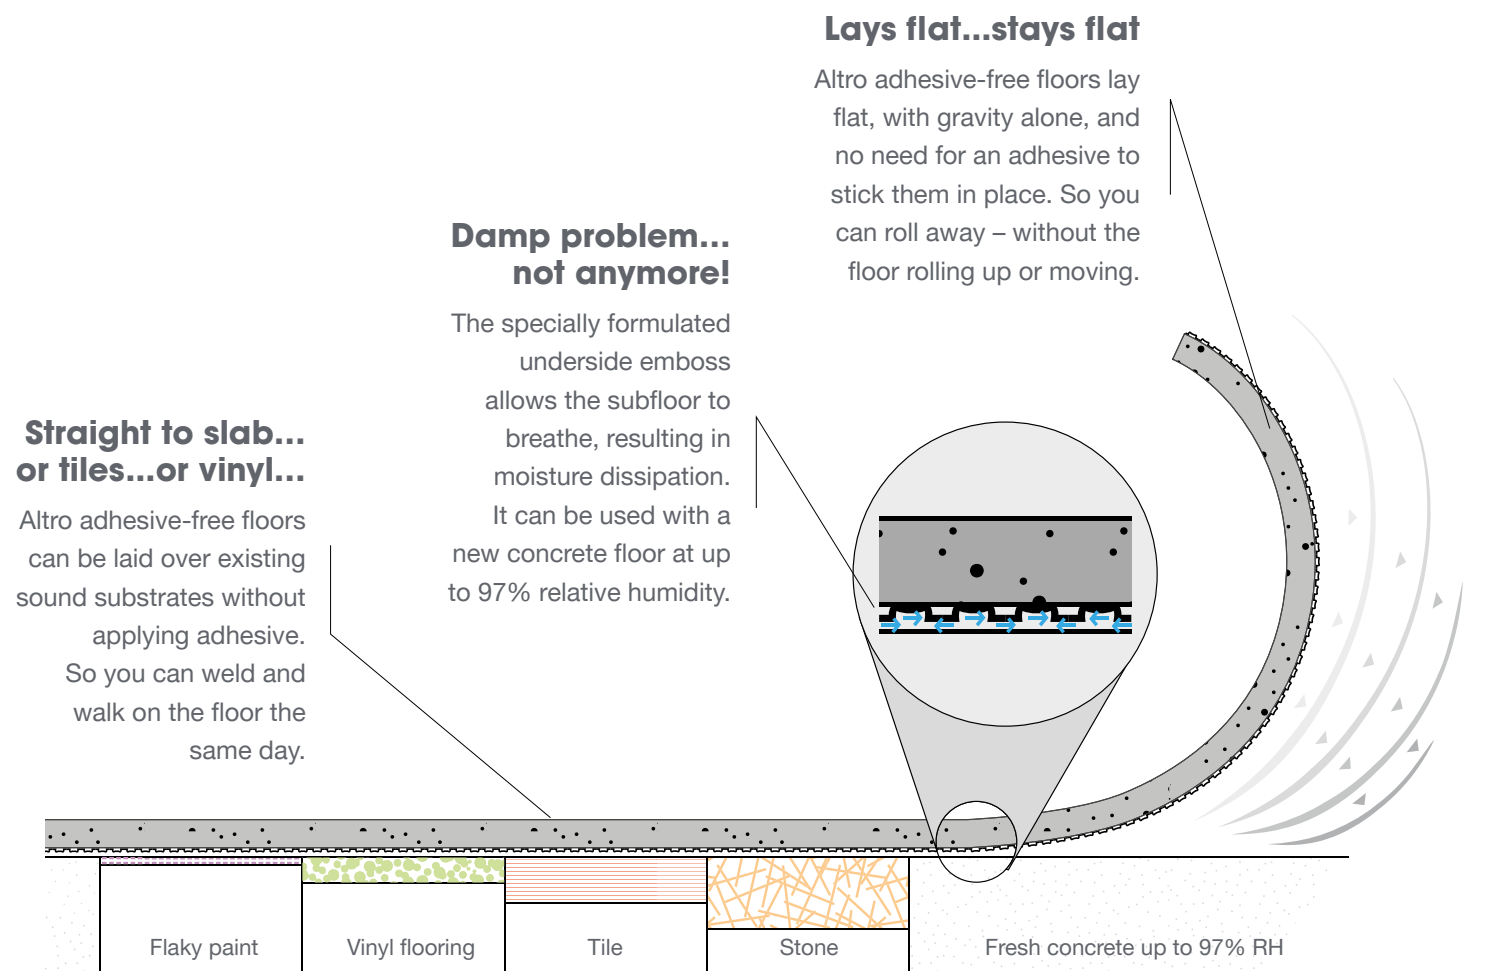

## WHY choose Altro adhesive-free floors:

- ✓ Can be fully recycled or re-used post use via Recofloor  
[Contact Altro to get involved](#)
- ✓ Built in DPM. Altro adhesive-free floors can be installed on subfloors with up to 97% relative humidity
- ✓ 50% carbon saving compared to a stuck down equivalent
- ✓ Further carbon saving opportunities through no uplift of existing flooring, as well as future installations using the same technology
- ✓ Saves you and your customers up to 35% on installation costs
- ✓ Up to 50% quicker to install
- ✓ No damage to subfloors during uplift, making repairs quick and easy
- ✓ Invented by Altro in 2009, tried and tested for nearly 15 years
- ✓ Has all the guarantees and lifetime slip resistance you expect from Altro
- ✓ Design freedom; now with 3 safety and 1 smooth product line available
