Altro Aquarius™ & Altro Whiterock™

Altro Aquarius, Altro's latest revolution in safety flooring and Altro Whiterock wall cladding made for the perfect fit-out for Broken Hill's facility. They were impressed with the products high end look to match their building design whilst providing safe, easy to clean, hygienic and durable surfaces. Being a bathroom (a wet and dry environment) they needed something that would be safe under both conditions and under bare feet as well as different types of shoes. With an R10 and Class B safety rating, along with Altro's long warranties and reputation they knew they were in safe hands.
