- Invented by Altro in 2009, tried and tested for nearly 15 years
- Has all the guarantees and lifetime slip resistance you expect from Altro
- Design freedom; now with 4 safety and 1 smooth product line available

HOW adhesive-free floors works:

Lays flat...stays flat Altro adhesive-free floors lay flat, with gravity alone, and no need for an adhesive to stick them in place. So you can roll away - without the Damp problem... not anymore! floor rolling up or moving. The specially formulated underside emboss allows the subfloor to Straight to slab... breathe, resulting in or tiles...or vinyl... moisture dissipation. It can be used with a Altro adhesive-free floors new concrete floor at up can be laid over existing to 97% relative humidity. sound substrates without applying adhesive. So you can weld and walk on the floor the same day Flaky paint Vinyl flooring Fresh concrete up to 97% RH
