Tantalus Estate (New Zealand)

Altro flooring and walling chosen
for winery kitchen

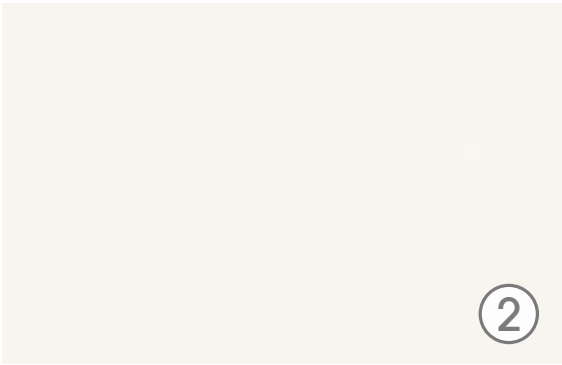

“The client was keen on refitting this kitchen only once with products that will last for 15 - 20 years or more.”

Lloyd Prescott,
Prescott Flooring

1. Altro Stronghold™ 30 Monsoon

2. Altro Whiterock White™ FR

Tantalus Estate (New Zealand)

Altro flooring and walling chosen for winery kitchen

Issue

This upmarket vineyard has a thirst for top quality products and were looking to refurbish their main restaurant kitchen. They needed a solution that would be able to hold up to the busy traffic the kitchen gets on a daily basis and were looking for a long-term solution.

Approach

On the search for products that would stand the test of time they chose Altro products for their kitchen update.

They worked together with Prescott Flooring to deliver the perfect solution for their new kitchen.

Solution

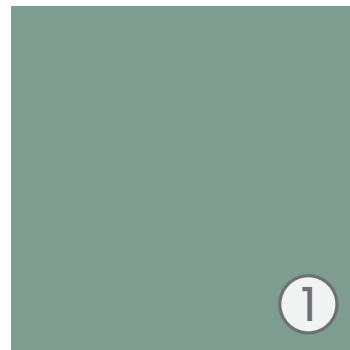

Altro Stronghold 30 for the kitchen floors and Altro Whiterock FR for the kitchen walls.

"When it comes to a R12 commercial kitchen safety vinyl Altro Stronghold K30 is what I recommend to clients for their kitchens. I know that the 3mm thickness and homogeneous aggregate construction will last for 20 years or more and when my reputation is on the line this is the flooring that I recommend. I also felt that using Altro Whiterock on the walls would be the perfect solution for this commercial kitchen from a hygiene, cleanability and durability point of view and the client was keen on refitting this kitchen only once with products that will last for 20 years or more." - Lloyd Prescott, Prescott Flooring.

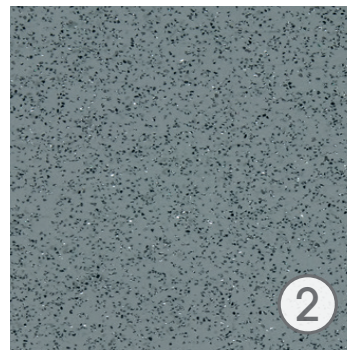

"Homogeneous aggregate construction will last for 20 years or more and when my reputation is on the line this is the flooring that I recommend."

Lloyd Prescott,
Prescott Flooring

Looks great with:

1. Altro Whiterock Satins™
2. Altro Classic™ 25
3. Altro Whiterock Digiclad™

Altro Stronghold 30 is a specialist safety for commercial kitchens/ canteens, food preparation and service areas. It achieves Altro's highest rating for slip resistance (TRRL≥55, R12) and is designed to minimise risk in wet and greasy conditions for the lifetime of the flooring. As well as helping to keep staff safe from slips, it also helps reduce their fatigue, thanks to its 3mm thickness which provides noise reduction and comfort underfoot.

Altro Whiterock White FR is the hygienic alternative to tiles that's impact resistant, grout-free and easy to clean. Its smooth white surface and classical purity make it a timeless choice for any interior. Can be installed in specific non-sprinklered areas.
