

Solutions for laboratories

Whether you're designing a histology lab in a hospital or a complex compounding facility, Altro can help. We offer a floor and wall solution that is seamless, non-shedding, and heat-weldable.

For flooring, Altro recommends Altro Symphonia as the top choice for its stain resistance properties and hidden slip resistance. When it comes to wall protection, Altro recommends Altro Whiterock. This product is non-shedding, achieves an ISO 2 Cleanroom rating and is extremely low maintenance.

For more information on choosing the right solutions for your installation, visit our website at altro.com/us
