Altro Ensemble creates modern space for busy university

Issue

The new 'Opportunities Zone' is designed to appeal to students from home and abroad. The aim for project managers was to create a modern, stylish space that would be easy to maintain and stand the test of time.

Approach

Cardiff University fitted wood-effect Altro Ensemble LVTs in the reception area and ground floor corridors of its Business School, as part of a refurbishment that was designed and managed by WSP.

Peter Bourne, Architectural Projects Officer for Campus Development at Cardiff University, said: "The vision for the new Opportunities Zone was a space that was stylish, visually striking and innovative, using modern materials and building concepts. The flooring played a key role in this and I was aware that LVTs could provide both the visual and practical surface we needed. We have a good and longstanding relationship with Altro, and have used their products throughout the campus, so we were confident that quality was guaranteed."

Solution

Altro Ensemble modular flooring system is the next generation of luxury vinyl tiles. From colour blocking to geometric patterns, with a range of plank and tile sizes and textures, Altro Ensemble gives design freedom to create luxurious floors for commercial interior spaces.

Neil Davies, Facilities Manager of Cardiff Business School, said: "We opened the new facility in August last year, so the flooring has been through two semesters so far, and it's wearing incredibly well and still looks new."

"The flooring looks great and it really is better than any other flooring we have... In fact, we are planning to use the same Altro flooring for another refurbishment project in the building. It works for us on every level."

Neil Davies,
Facilities Manager of Cardiff
Business School

Looks great with:

1. Altro Whiterock™ wall designs
2. Altro Wood Safety Comfort™
3. Altro Aquarius™

Altro Ensemble is a modular flooring system that gives you complete design freedom to create stunning floors for interior spaces. From colour blocking to geometric patterns, the possibilities are as endless as your imagination.

Altro Ensemble has 15dB sound reduction with added comfort underfoot, making it perfect for front of house areas in hotels including foyers and reception areas, restaurant and café dining areas, retail, offices and student accommodation – any environment where design is key.

With four modular sizes, you can mix and match to create unique patterns utilising colour and design. Combine with Altro Whiterock wall designs for a unique interior statement.
