Penang Adventist Hospital, Malaysia

Adhesive-free flooring installs
without hospital closure

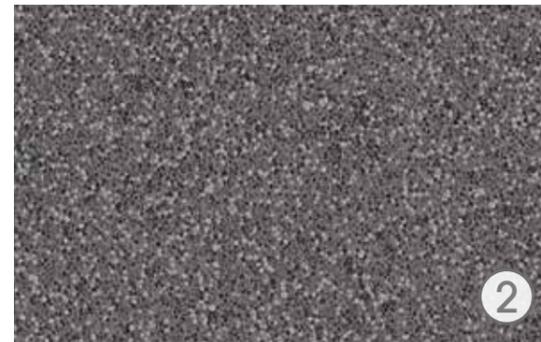

“Altro Cantata enabled us to do the refurbishment over just a few nights, not impacting any of the hospital operations, where other traditional options meant the corridor would need to be closed for one to two weeks which would not be an option.”

Caleb Lim,
PAH representative

Penang Adventist Hospital, Malaysia

Adhesive-free flooring installs
without hospital closure

Issue

Established in 1924, the Penang Adventist Hospital (PAH) is part of an International Adventist Network of approximately 600 non-profit hospitals, clinics and dispensaries worldwide. Far from its humble beginnings, PAH has grown into a reputable healthcare centre for both the Malaysian community and international visitors. The hospital staff consists of dedicated physicians, nurses, and healthcare professionals utilising the latest innovations in medical equipment to provide patients with the best care possible.

“The corridor is a key single thoroughfare connecting vital parts of the hospital, and is in high use from 4:30 am to 11pm every day,” explained Caleb Lim, a PAH representative. “Because of this we have limited time to refurbish the corridor.”

Approach

With recent renovations to its heritage wing, PAH was looking for a tough flooring solution that would endure the consistently heavy foot traffic they receive daily. They also required a quick installation where as this wing was part of the only connection to the other building and surgery rooms.

PAH selected Altro Cantata for the refurbishment.

Solution

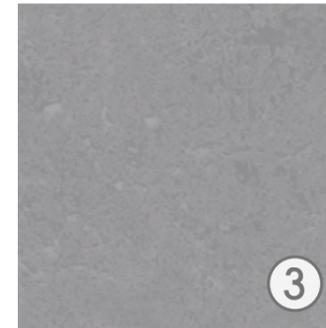

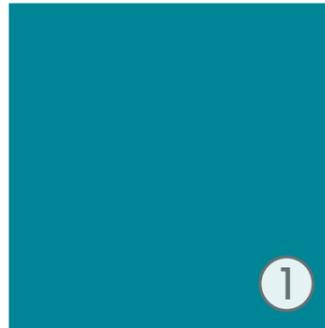

Altro Cantata is an award-winning, adhesive-free floor that is easy to install and has 16 soft-look shades.

PAH now has more than just a great looking installation - they can rest assured knowing that the smooth flooring will provide easy maintenance, and a long life expectancy.

“Altro Cantata flooring solved our problem of refurbishing this important corridor without interrupting the operations of the hospital.”

Caleb Lim,
PAH representative

Looks great with:

1. Altro Fortis Titanium™
2. Altro Whiterock Satins™
3. Altro Operetta™

Altro Cantata is a decorative, adhesive-free floor that creates maximum impact with minimum downtime. Using our award-winning adhesive-free installation method, it can be welded and walked on the same day, and at the end of its life can be removed easily, allowing it to be reused or recycled. It is ideal for busy public spaces where disruption needs to be minimal, plus there are no associated adhesive odours.

Altro Cantata's 16 soft-look shades, which range from subtle naturals to beautifully vivid, enable you to set the desired tone yet it also has the durability needed for medium to high traffic areas.
