Commercial flooring and wall systems

2025 - 2026 edition

est.  
**1919**

Altro has been at the forefront of innovation for over 100 years. Today, working closely with architects, end customers, engineers, designers and contractors around the world, our insight and expertise help them transform everyday spaces into environments that can improve the well-being of everyone that uses them.

And by consistently turning creative thinking into practical, real-world solutions – that maintain the highest standards of safety and durability – Altro has become synonymous with quality.

As a family-founded business, we have a strong sense of what we value and a way of thinking inspired by The Bauhaus – a balance of quality, form and design-led function – that puts people's needs at the heart of everything we do. It's a human-centered approach to designing for the demands of 21st century life. It's a history that means we value the bold, the brave and the new. From focusing on how the different sectors we serve need their spaces to perform, to the call for more environmentally sustainable materials, Altro is constantly challenging what is possible and seeking new ways of inspiring our customers and answering their biggest challenges.

With offices across Europe, the Americas, Asia Pacific and the Middle East, we remain committed to developing solutions that stand the test of time.

We combine the best in contemporary style with the functionality required to improve the way we all live and work, wherever in the world that may be.

**We are Altro.**

**Designed for possibilities.  
Made for people.**

I HEREBY CERTIFY that THE ADAMITE CO  
LIMITED is this day Incorporated under the Compa  
1908 to 1917, and that the Company is LIMITED.

Given under my hand at London this Seventh d  
One Thousand Nine Hundred and Nineteen.

A.E. TAYLOR,

Assistant Registrar of J  
Companies.

# Our sector expertise

To work across multiple sectors requires real-world understanding: the ability to design for a purpose and address the challenges, issues and regulations for each industry, without ever compromising on quality or safety.

We bring a wealth of insight into every project – experience that keeps us at the forefront of design-led innovation – and a range of relevant products and unique solutions that not only help our customers realize their ambitions, but have the potential to transform everyday spaces into something special.

## Sectors

We invite you to discover some of our sectors, in brief, over the next few pages or on our website [altro.com](http://altro.com).

- Healthcare
- Hospitality
- Senior living
- Medical manufacturing + pharmaceuticals
- Education
- Food + drink production
- Housing
- Leisure
- Retail + offices
- Transport

## To do list

- ✓ Place customers first
- ✓ Encourage collaboration - internal + external
- ✓ Value our customers + each other
- ✓ Create a culture of commitment:
  - ✓ commit to performance
  - ✓ commit to partnerships
  - ✓ commit to possibilities
- ✓ Design and innovate floors and walls that:
  - ✓ are fit for purpose
  - ✓ work across many sectors
  - ✓ address challenges + regulations
  - ✓ maintain safety + durability
- ✓ Share knowledge + insight with all
- ✓ Provide products + solutions that turn everyday spaces into something special!

A photograph of two men in a professional setting. The man on the left, with glasses and a beard, is wearing a dark blue turtleneck. The man on the right, also with a beard, is wearing a light blue button-down shirt. They are both looking down at a document or device held by the man on the right. A black coffee cup is visible in the foreground on the left. The background is a plain, light-colored wall.

**real-world  
understanding  
through an  
unrivalled  
sector focus**

## Healthcare

We've pioneered a range of solutions to give you the confidence to create the type of environment you really want. Whether it's a large hospital, care home or community healthcare center, you can provide inspirational rooms that don't just perform and look good, but also take hygiene and the safety of your people, patients and residents seriously.

### Typical applications

Hospitals  
 Operating and surgical areas  
 Emergency rooms  
 Behavioral and mental health  
 Patient rooms  
 Patient restrooms  
 Patient showers  
 Corridors  
 Kitchens  
 Cafeterias  
 Lobbies  
 Administration offices

### Recommended products (not inclusive)

Altro Symphonia

Altro Wood

Altro Whiterock

Altro Whiterock Digiclad

## Hospitality

In hospitality design, safety, hygiene, quick installation, and cost are top priorities – whether for a commercial kitchen, office cafeteria, luxury hotel, or chain of cafés.

### Recommended products (not inclusive)

Altro Stronghold 30

Altro Classic 25

Altro Puraguard

## Senior living

It's vital to understand the many ways that aging affects health and the perceived physical environment. Interior finishes should be utilized that enhance the wellbeing of frail and aging residents.

### Recommended products (not inclusive)

Altro Wood Comfort

Altro Orchestra

Altro Aquarius

Altro Whiterock Matte

## Education

We believe that learning environments are some of the most important places there are, and the way they function is just as important as the way they look. Schools, colleges and universities need inspiring, durable, attractive and hygienic wall and flooring products that can cope with the demands of growing up.

## Medical manufacturing + pharmaceuticals

Materials specified for industrial and mass production areas are required to prioritize both durability and the wellbeing of everyone involved. These environments adhere to stringent health and safety guidelines that dictate nearly every aspect of their design.

### Recommended products (not inclusive)

Altro Quartz Tile

Altro Orchestra

Altro Lavencia LVT

### Recommended products (not inclusive)

Altro Operetta

Altro Symphonia

Altro Whiterock

## Transport

Our transport portfolio is engineered to give you lightweight solutions without compromising on safety, durability, or ease of maintenance.

## Housing

The way a home looks is just as important as how it functions. Welcoming, aesthetically pleasing, noise reducing finishes that are durable and easy to clean are a perfect solution for multi-family housing.

## Retail + offices

How people feel when they're at work or when they shop with you can affect your business more than ever, especially if you don't have an environment people enjoy being in.

## Prisons + defense

For containment and holding areas and walkways with heavy traffic, our products offer high strength, stain resistance and reduced dirt retention making them easy to clean and maintain.

## Leisure

When your venues welcome masses of people every year, you need a robust floor and wall cladding solution, capable of withstanding the traffic.

## Food + drink production

We know that a safe, efficient and hygienic facility is a vital part of the production process, which is why our specialized flooring and wall solutions are ideal.

# Our sustainability vision: Building better futures

Here at Altro, we are committed to reducing our carbon footprint, increasing our sustainability activities, and advancing our environmental, social and ethical performance.

To demonstrate our commitment to reducing our carbon footprint and increasing our sustainability actions, we are working towards key targets by 2030. These targets are:

## Reducing our carbon footprint

For all our facilities, becoming carbon neutral for scope 1 and 2 through a combination of increased efficiencies and renewable energy.

## Corporate social responsibility

To have a positive impact on society as a whole and the communities we work in.

## Recycling

To offer circular economy solutions and provide adhesive-free options in all our floor and wall product ranges.

## Formulation

To achieve 30% recycled and bio-sourced content in our product portfolio.

Off cuts and scrap Altro flooring are recycled directly at our manufacturing facility.

One of the core fundamentals of LEED is product transparency. Specifiers want to know which ingredients are in the products they use and if they are hazardous to human or environmental health. Altro supports this initiative and has our product transparency documents, EPDs and HPDs, publicly available on our website.

Discover more at [altro.com](https://www.altro.com)

# How can Altro offer industry-leading cleanability and maintain underfoot safety?

## Altro Easyclean™ Technology

Altro Easyclean Technology is unique in the marketplace as it is incorporated throughout the flooring while it is manufactured rather than applied as a surface finish. This allows Altro flooring to benefit from enhanced cleaning and maintenance while still allowing our products to maintain the slip-resistant properties Altro is known for.

The Altro Easyclean formula is matched to the floor during manufacturing to ensure slip resistance is a top priority in high slip risk areas. For example, smooth floors like Altro Cantata and Altro Symphonia will have more Altro Easyclean than a robust safety floor like Altro Stronghold 30.

### Altro Easyclean offers

- Industry-leading ease of cleaning
- Cleaning and maintenance cost savings
- Sustained long-term slip resistance + durability
- Low dirt pick-up qualities + improved color retention

### How have we done it?

- Varying degrees of Altro Easyclean based on safety, slip-resistant and smooth flooring categories — adding a superficial PUR topcoat wouldn't be appropriate on a safety floor!
- Incorporated Altro Easyclean throughout to ensure unparalleled performance for the life of the product.
- Slip-resistant particles throughout the product for guaranteed slip resistance, regardless of degree of wear.

Safety flooring + level of  
Altro Easyclean

Slip-resistant flooring + level of  
Altro Easyclean

Smooth flooring + level of  
Altro Easyclean

## Altro ShieldTec technology

Revolutionary advancements in the manufacturing process of Altro Symphonia have now allowed us to produce our most stain-resistant technology to date. Altro ShieldTec, teamed with our tried-and-true Altro Easyclean Technology, will provide you with industry-leading commercial flooring performance. **Learn more by scanning the QR code!**

### Maintenance cost savings analysis

Graph shows the percent saved with flooring treated with Altro Easyclean vs. a traditional non-PUR safety flooring. Percentages are based on a test area of 100m<sup>2</sup> over the span of one year. As most cleaning routines are a combination of manual mopping, machine scrubbing and sweeping, the average percentage saved when choosing a floor treated with Altro Easyclean may be up to 60% over its life cycle.

See below for an approximated cost breakdown. Testing was carried out by a third-party independent provider Cleaning Research International.

	Altro Easyclean treated floor	Non PUR treated competitor floor
Sweeping	\$8.27 - 5x week	\$12.41 - 5x week
Mopping	\$3.33 - 5x week	\$5.99- 3x week
Machine scrub	\$1.29 - 1x month	\$10.26 - 2x week
15 year cost	\$10,054.31	\$22,329.39

Savings of \$820 year / \$12,275 over 15 year lifetime - 55%

Some facility managers find that they no longer require machine scrubbing with adequate manual cleaning programs and Altro Easyclean flooring. This increases savings further as shown below.

	Altro Easyclean treated floor	Non PUR treated competitor floor
Sweeping	\$8.27 - 5x week	\$12.41 - 5x week
Mopping	\$3.33 - 5x week	\$5.99- 3x week
Machine scrub		\$10.26 - 2x week
15 year cost	\$9,048.00	\$22,329.39

Savings of \$887 year / \$13,281 over 15 year lifetime - 60%

Costs were accurate at the time of third party testing.

## Dirt pick-up and color retention

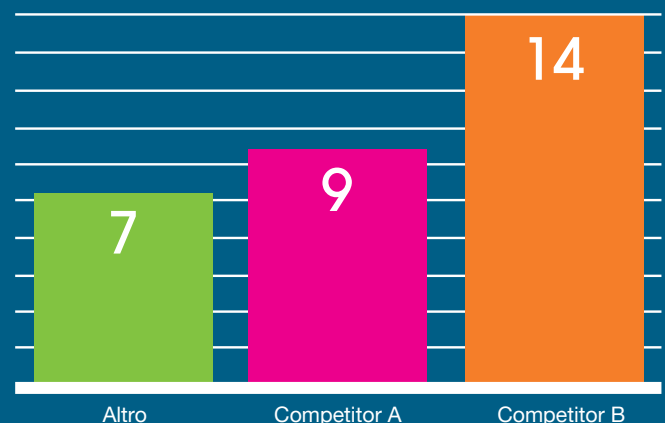

Independent test findings, indicated on the graph below, show the level of dirt pick-up of Altro Easyclean compared with two competitor safety flooring products also containing a PUR treatment.

### Test procedure and results

- The color of each safety flooring sample was recorded using a Chroma Meter II reflectance spectrophotometer.
- All samples were adhered to the inside of the Hexapod Tumbler to simulate normal wear conditions.
- The tumbler was automatically rotated for 30 mins.
- The safety flooring samples were removed.
- Each sample was vacuum cleaned after testing, before the degree of soiling was determined.
- Color brightness was re-measured in six random areas of each specimen to establish dirt pick-up and color retention.

Tests prove that flooring treated with Altro Easyclean picks up less dirt and therefore retains its color better and longer than competitor PUR treated safety flooring. Due to the patented surface construction of Altro flooring with Altro Easyclean, dirt does not collect around particles.

### Loss of brightness test results

Figures above indicate the degree of soiling remaining on the sample. The lower the number, the better color retention.

A photograph of a commercial kitchen with white subway tile walls and a dark grey safety floor. A chef in a white uniform and tall hat is standing on the right, reaching for a box on a metal shelving unit. The shelves are filled with various kitchen items, including large metal pots, pans, and bowls. A large blue diagonal graphic is overlaid on the left side of the image, containing the title and text.

# safety flooring

Areas like busy commercial kitchens and wet environments have additional contaminants, which are continuously present, and spillages cannot be avoided. The likelihood of a slip is significantly increased, raising the slip risk level to *extremely high*. These locations, often riddled with contaminants such as grease, oil, shampoo and shower gels demand safety flooring that retains a slip risk of 1 in a million.

## Safety flooring

Why safety flooring?	14
Assess your slip-risk	15
Testing and measuring slip resistance	16
Safety product offerings	18
Technical chart	31

Mix in time for Dough  
500g bread flour  
250g water  
20g salt  
15g yeast  
200g quinoa

# Why safety flooring?

Our safety flooring doesn't just protect the people who use it. It also protects those responsible for the health and safety of their employees and visitors. Our patented, aggregated construction of high-grade vinyl ensures a durable surface that is slip-resistant for the life of the floor.

Simply put, our slip resistance doesn't wear down like our competitors. Altro will maintain its integrity well past the warranty date. We've even tested flooring over 25 years old that still meets and exceeds today's measures.

The pressure created by walking over safety flooring causes aggregates in the flooring to push up and rub against the shoe, creating friction. Because of this, Altro safety flooring remains slip-resistant, even when the surface profile is wet.

## Typical safety applications

- Commercial kitchens
- Dishwashing areas
- Walk-in coolers and freezers
- Food and drink manufacturing
- Back-of-house and staff service areas
- Manufacturing and industrial areas
- Showers and bathing areas
- Areas adjacent to wet areas
- Areas requiring extreme durability
- Pool + spa surrounds

# When do you need safety flooring?

## Assess your level of risk.

It is designers, specifiers and end-users' responsibility to ensure flooring is fit for purpose, and it's part of our role here at Altro to help make this process easy. Our flooring is separated into three categories: safety, slip-resistant and smooth. These categories have been created to help assist you in specifying the floor that is right for the application type and any contaminants that may be present on a regular basis.

### Are contaminants present?

Areas that commonly see many contaminants such as oils, soaps, grease or constant spillages of water require extra care when selecting flooring. We recommend Altro safety flooring that meets R12 or R11 levels of slip resistance for these areas. General use areas that are not riddled with contaminants will be secure with our slip-resistant or smooth offerings.

### Typical areas with contaminants:

- Commercial kitchens
- Dishwashing areas
- Food + beverage service areas
- Showers
- Locker rooms
- Pool + spa surrounds
- Restrooms

Risk of slips	Altro R12   PTV ≥55 (Altro Stronghold 30)	Altro R11   PTV ≥45 (Altro Aquarius + Altro Classic 25)	Altro R10   PTV ≥36 (Slip-resistant floorings)
Water	1 in a million	1 in a million	1 in a million
Vegetable oil	1 in a million	1-in-100,000	1 in 20
Greasy water	1 in a million	1-in-100,000	1 in 20
Shower gel	1 in a million	1 in a million	1 in 20
Shampoo	1 in a million	1 in a million	1 in 20
Conditioner	1 in a million	1 in a million	1 in 20
Milk	1 in a million	1 in a million	1 in a million
Flour	1 in a million	1 in a million	1 in a million

By choosing wisely, you can reduce the risks of slips and falls as much as 1 in a million.

# Testing and measuring slip resistance

As the inventor of safety flooring, we take slip resistance seriously! Many manufacturers will develop flooring just to meet ADA or OSHA requirements, but at Altro, we go above and beyond what's legally required, to deliver safety flooring you can count on for the product's lifetime.

Our ranges are rigorously tested for slip resistance values using multiple techniques from around the globe.

**We don't just meet existing test standards, we're raising the bar and pioneering new, rigorous testing protocols like the Pedatron test (shown right).**

## Static Coefficient of Friction ASTM D2047

**.92D  
.88W  
SCOF**

A device called the James Machine pulls a small weighted sled over the floor surface. The result is the measurement of friction the surface creates. This is the accepted standard measure in North America.

While this standard only requires testing over dry conditions, at Altro we test our flooring in both dry and wet conditions. It's a pioneering approach that gives you complete peace of mind.

## Dynamic Coefficient of Friction ANSI/NFSI B101.3-2012

**.74  
DCOF**

Testing for the Dynamic Coefficient of Friction (DCoF) is conducted through the use of a Digital Tribometer.

The device passes five times in a certain direction over a designated test area for a combined total of 20 passes while collecting readings that measure slip resistance potential.

While other options are available, this is one of the most popular test methods in North America for measuring the Wet Dynamic Coefficient of Friction for common hard-surface floor materials.

## TRRL Pendulum Test ASTM E303 / BS7976

**Pendulum test  
PTV  
≥55**

Popular in the UK, the pendulum test is the only portable test standard, allowing for on-site tests. The test incorporates a rubber shoe heel that sweeps over a set of flooring in a controlled manner and produces a pendulum value measuring the potential to slip.

A result of  $\leq 25$  is very high risk and a result of  $\geq 36$  and above is low risk. Altro safety flooring exceeds the  $\geq 36$  rating indicating the lowest potential for slip.

## Ramp Test DIN 51130

**R<sub>12</sub>**

This standard, popular in Europe, uses test subjects who walk backward and forward on an angled ramp in a controlled manner over a flooring sample contaminated with water, oil, or other liquids. Results are achieved when the test subject loses balance and falls, and those results are called an R value.

The range is from R9-R13, with R9 being the accepted minimum for use of tile in public areas.

This “Pedatron” machine gives an accurate representation of surface wear in situ. In hours we can reproduce months of pedestrian foot traffic. This allows us to test, and re-test slip resistance in intervals throughout the projected life span.

Kendall College of Culinary Arts

Navigating a slippery surface is challenging enough, but add grease, oils, and fats, and it becomes a hazard. In commercial kitchens and food preparation areas, choosing the right flooring is crucial for maintaining a safe working environment.

Altro Stronghold 30 offers the highest slip resistance rating from Altro, ensuring maximum safety in wet and greasy conditions throughout its lifetime. Not only does it protect staff from slips, but its 3mm thickness also reduces fatigue by providing excellent noise reduction and comfort underfoot.

## Typical applications

Commercial kitchens, food preparation, back-of-house service areas, walk-in coolers and freezers

## Features + benefits

- Achieves highest level of slip resistance
- Risk of slipping is 1 in a million even with contaminants present
- Heat-welded seams for better hygiene
- Static load limit exceeds 2000psi
- FDA / USDA / CFIA / HACCP compliant
- FloorScore Certified / Low VOCs
- -22F / -30C lowest temperature rating
- Fungi and mold-resistant, achieves zero growth after 21 days
- ICC-ES Product Certified

The English Spirit Distillery

Classic by name, classic by nature – Altro Classic 25 was the first ever safety flooring. It has been tried and trusted for over 60 years, and its traditional, industrial look is still popular today.

Altro Classic 25 provides lasting slip resistance, durability and abrasion resistance, making it ideal for use in heavy traffic areas – particularly commercial kitchens.

Altro Classic 25 is easy to clean and maintain and is available in practical, dirt-hiding shades. It achieves an R11 slip resistance rating. Altro Stronghold 30 and Altro Atlas 40 are also great flooring options for commercial kitchens depending on your individual needs.

## Typical applications

Food preparation and service areas, walk-in coolers, areas with heavy traffic

# Altro Atlas™ 40

Fox Meadows Creamery

Altro Atlas 40 is our most robust safety flooring, maintaining its integrity even when superficially punctured by studs or spikes. It's well suited to heavy-duty industrial use and sports changing rooms that see cleat traffic regularly.

Hard-wearing, stable and resistant to mechanical damage and chemicals, Altro Atlas 40 provides long-term durability and slip resistance, and is easy to clean and maintain.

## Typical applications

Industrial areas exposed to heavy wheeled traffic, pallet trucks, forklifts, chemical processing, manufacturing, 24/7 commercial kitchens

## Features + benefits

- Extremely durable
- Maintains surface integrity even when superficially punctured
- Well suited for commercial kitchen and industrial applications
- Resistant to mechanical damage and chemicals
- 4.0mm thickness provides ample underfoot comfort

Breakwater Commons

Altro Aquarius was developed for lasting performance in wet and dry environments, shoes or barefoot. This 2mm safety floor has been extensively tested on a variety of shoe types (and bare feet) to ensure peak performance in a host of environments – bathrooms, changing areas, hydrotherapy pool surrounds. Anywhere you can expect a combination of wet and dry floors.

Altro EasyClean technology puts this range at the forefront of safety floor cleanability.

## Typical applications

Bathrooms, showers, changing rooms, hydrotherapy pool surrounds, saunas

## Features + benefits

- Optimum slip resistance in wet and dry environments, shoes or barefoot
- Achieves R11 slip resistance rating and SCoF of .88 dry, 1.03 wet
- Extensively tested on a variety of shoe types to ensure top performance
- Ideal for bathrooms, showers, changing areas and hydrotherapy pool surrounds
- Pairs with select Altro Walkway 20 colors for seamless coordination from wet rooms to general areas
- FloorScore Certified / Low VOCs

### Looks great with

# Altro Marine™ 20

Pathways in Sarina

Make a splash with Altro Marine 20! Whether you're playing poolside or stepping into the shower, enjoy peace of mind knowing that the risk of slipping is minimized with Altro Marine 20 safety flooring underfoot.

Its dimpled surface ensures durable, long-term slip resistance and comfort in barefoot areas like showers, pool surrounds, spa decks, and more.

Altro Marine 20 is recommended in wet barefoot environments. For areas that have a combination of wet and dry surfaces and receive both barefoot and shoe traffic, Altro recommends the use of Altro Aquarius.

## Typical applications

Wet barefoot environments, showers, pool surrounds, spa decks, locker rooms

## Features + benefits

- Optimal slip resistance for bare feet in wet areas
- Maintains safety even with contaminants present
- Underfoot comfort
- Durable, hard-wearing construction
- Create an integrated, watertight solution with our wall systems
- FloorScore Certified / Low VOCs
- ICC-ES Product Certified

# slip-resistant flooring

In many commercial areas, your slip risk is not as high as specialized area types like commercial kitchens and other wet environments. But your patrons, patients, students and employees still deserve to be secure on their feet — and you deserve peace of mind. We offer slip-resistant flooring that meets and exceeds safety standards. It reduces the risk of slips and falls and looks good doing so. It has become a practical and durable commercial flooring solution in a variety of application areas.

## Slip-resistant flooring

Why choose slip-resistant flooring?	34
Measuring durability, stain and chemical resistance	35
Slip-resistant product offerings	36
Technical chart	49

# Why slip-resistant flooring?

Slip-resistant flooring is a practical solution to blending safety flooring properties with modern, less industrial, commercial flooring looks. It delivers peace of mind and looks good doing so. Slip-resistant offers customers durable flooring with enhanced stain protection and chemical resistance. It withstands heavy pedestrian traffic, heavy rolling loads and high PSI demands. Slip-resistant floors are a robust commercial flooring option for areas requiring heavy-duty flooring without an increased slip risk due to contaminants like oils, fats and soaps.

The pressure created by walking over slip-resistant flooring causes aggregates in the flooring to push up and rub against the shoe, creating friction. Because of this, Altro slip-resistant flooring remains safe, even when the surface profile is wet.

## Typical slip-resistant applications

- Healthcare
- Education
- Back-of-house
- High-traffic areas
- Manufacturing and industrial areas
- Chemical processing
- Laboratories
- Veterinary care
- Retail and public spaces
- Any location with moderate slip-risk or durability concerns

## Measuring durability

Busy environments with various demands on the floors from foot traffic and rolling loads of heavy equipment require durable flooring. Our heavy-duty slip-resistant solutions are developed to meet your needs in these tough, working environments.

But how can durability be quantified? One way is through PSI testing. PSI testing (called static load limit testing) is a way of measuring flooring to see if it will indent under pressure.

While the industry standard only calls for tests up to 250 pounds per square inch, Altro tests beyond that. We understand that the demands of today's facilities call for products that can withstand greater amounts of weight.

For instance, a bariatric bed with a patient can weigh as much as 1,500 lbs and is only supported by four castor wheels. That is intense point loading and a competitor's floor with a 250lb/psi would fail. The floor would break or indent, leaving not only a safety and hygiene hazard, but an expensive repair and facility downtime as well.

Altro has products that are tested and proven to withstand weights of over 2,000 psi.

## Chemical and stain resistance

Floors in heavy-duty application areas are often subjected to a barrage of aggressive chemicals. These surfaces see everything from decontaminants to germicidal cleaners and disinfectants on a regular basis. It is important your facility is furnished with materials that will stand up to these powerful agents.

Our slip-resistant flooring offers a high level of resistance against stains and resists many common chemicals such as sodium hypochlorite, phenolic disinfectants, and germicidal cleaners like Preempt and Simple Green D.

Regardless, it is still very important that steps are taken to ensure a long-lasting floor:

- Specify colors appropriate for the application area
- Use manufactured recommended cleaners
- Train maintenance staff on proper care and regular cleaning procedures
- Make critical staining areas in a darker color

# Altro Reliance™ 25

The Deep Aquarium

Looking for a robust, heavy-duty solution for your back-of-house or front-of-house areas? With both traditional and modern looks in one slip-resistant range, it's easier than ever.

Confidence, trust and assurance – Altro Reliance 25 is a premium choice in heavy-duty commercial flooring. At 2.5mm thick, it is highly durable and can cope with high levels of foot and wheeled traffic without compromising on performance.

Combine Altro Reliance 25 with Altro wall protection for your toughest areas.

## Typical applications

Healthcare, laboratories, kitchens, bars, cafeterias, veterinary care, industrial areas, manufacturing, machine shops, chemical processing, arenas and more

Triton Systems Inc.

Altro Walkway 20 is our hugely popular hard-wearing 2mm slip-resistant flooring. The range boasts many colors and shares its palette with Altro XpressLay. This enables you to combine both ranges when you need traditionally adhered and adhesive-free flooring in adjacent areas while maintaining a consistent look.

What's even better is Altro Walkway 20 offers you two distinct looks traditional and modern. Both looks come with Altro EasyClean technology for superior cleanability and stain resistance.

A static-dissipative version is available, specifically designed for locations where static buildup must be avoided.

## Features + benefits

- Hard-wearing 2mm safety flooring
- Shares some colors with Altro XpressLay and Altro Aquarius for cross-product coordination
- Static-dissipative version available\*
- Achieves high slip resistance ratings
- Exceeds 1000 psi
- Excellent chemical and stain resistance
- FloorScore Certified / Low VOCs

## Typical applications

Suitable for exterior use!

Morgan's on Fulton

Designed for exterior use, Altro Promenade sheet vinyl flooring provides essential slip resistance in areas exposed year-round to changing weather conditions. This range is ideal for indoor applications as well as patios, decks and pool surrounds that prioritize both safety and aesthetic appeal.

Altro Promenade's impervious surface prevents rainwater and excess moisture accumulation that can damage subfloors over time. It is capable of enduring harsh sunlight and fluctuating temperatures without cracking, fading, or falling apart, making it a practical solution for outdoor areas.

Altro Promenade offers a low-depth stepped embossing for smooth underfoot comfort and enhanced cleanability while still providing slip resistance.

## Typical applications

Patios, decks, pool surrounds, spas, balconies, outdoor spaces

### Looks great with

- Altro Reliance 25
- Altro Orchestra
- Altro Wood Comfort
- All Altro wall options

### Sustainability

- Low VOCs
- Contributes to LEED

Technical chart	67

# Why adhesive-free sheet flooring?

Altro's award-winning, adhesive-free floors now feature new ranges offering you enhanced comfort underfoot and greater impact sound reduction. With more color and wood-look options, these solutions provide complete flexibility for different application areas and aesthetic appeal.

Teamed with the benefits of reduced installation time, cost savings and sustainable attributes, we invite you to discover how Altro adhesive-free is the next step in the evolution of commercial flooring.

- Safety, smooth and slip-resistant options
- Classic, modern and wood-look visuals
- Underfoot comfort and sound reduction up to 14dB (Altro Cantata and Altro Wood adhesive-free)
- Quickly installs with tape for minimal downtime
- Can be welded and walked on same day
- Install in areas up to 98% relative humidity\*  
*\* A fully intact and efficient sub-slab vapor barrier/retardant must be in place.*
- Embossed backing allows subfloor moisture to dissipate
- No adhesive odors, emits low VOCs
- Easy removal allows it to be uplifted, reused and recycled
- Contains rapidly renewable bio-based content
- Many match and/or coordinate with glue-down counterparts

## Typical adhesive-free applications

- General purpose use throughout all sectors
- Fast track projects, temporary or modular buildings
- Temporary sporting events such as the Olympic Games or World Cup\*

Video: The benefits of adhesive-free flooring

### Less downtime

With Altro adhesive-free sheet flooring, surface damp-proof membranes and adhesives are a thing of the past. Your installation can be up and ready in half the time of a traditional adhered sheet floor, letting you get back to business with minimal interruption to your schedule.

### Install over existing flooring

Altro adhesive-free flooring can be installed over existing intact substrates without applying adhesive. This can save you thousands in expensive flooring removal and asbestos abatement.

### Heavy rolling loads

Altro adhesive-free sheet flooring holds effectively. In fact, it has been tested with a 1,975lbs (900kg) drilling rig with caterpillar tracks. A patient on a hospital bed, utility carts, or heavy equipment is no problem at all!

Adhesive-free sheet flooring holds as effectively as Altro glue-down sheet flooring; no rucks, no movement. They achieve optimum installation results and conformity to our 10-year warranty!

### Moisture problem? Not anymore!

The specially formulated studded underside emboss allows Altro adhesive-free sheet flooring to sit off the subfloor, letting the floor breathe, resulting in any moisture dissipating.

### Fresh slab? No problem!

The revolutionary underside emboss means that Altro adhesive-free sheet flooring can be used on fresh concrete subfloors up to 98% relative humidity (RH)\*.

There is no need to wait for new concrete to reach 90% RH, allowing you to install flooring quickly and easily without having to wait for the substrate to dry.

*\* A fully intact and efficient sub-slab vapor barrier/retardant must be in place.*

### Remove, reuse, recycle

Altro adhesive-free sheet flooring is 100% recyclable post-consumer and can be reused in other installations.

We have numerous success stories of re-purposing large format installations in which the floor is installed temporarily, lifted and used again.

At its end of life, Altro adhesive-free sheet flooring can be removed quickly and reused or recycled; there's no flooring covered with adhesive and bits of substrate to deal with.

# Altro Stronghold™ 30 adhesive-free

Get your kitchen up and running in record time with Altro Stronghold™ 30 adhesive-free flooring. Specifically designed for commercial kitchens and back-of-house areas, this revolutionary flooring can be welded and walked on the same day, slashing kitchen downtime.

Altro Stronghold 30 adhesive-free flooring is built to last, engineered to handle tough kitchen environments. It's a breeze to install, maintain, and repair, with exceptional scratch and scuff resistance for enduring performance. Featuring Altro's highest slip resistance rating and a comfortable 3mm thickness, it also reduces noise by up to 10dB.

## Typical applications

Small commercial kitchens, food preparation, back-of-house service areas, temporary kitchens

## Features + benefits

- Adhesive-free installation for minimum downtime
- Achieves highest level of slip resistance
- Risk of slipping is 1 in a million even with contaminants present
- Heat-welded seams for better hygiene
- FDA / USDA / CFIA / HACCP compliant
- FloorScore Certified / Low VOCs
- Independent Halo tests indicate 10x lower bacteria count than quarry tile
- Fungi and mold-resistant, achieves zero growth after 21 days

### Looks great with

- Altro Puraguard
- Altro Classic 25
- Altro Atlas 40
- Altro Lavencia
- Altro Wood Acoustic
- All Altro wall options

### Sustainability

- 10% post-consumer recycled content
- Ortho-phthalate-free
- Contains bio-based content
- FloorScore certified and low VOC compliant
- No PFAs

# Altro XpressLay™

University of Sheffield Heartspace

The world's first adhesive-free safety floor that can save you money on materials and time on installation. Altro XpressLay is the next step in the evolution of safety flooring. It's installed using a tape system instead of adhesive - so it can be installed without a surface DPM. This means that you can weld the same day it is installed, greatly reducing installation time. It can be easily removed post-installation, reused elsewhere and then recycled at the end of its life.

Altro XpressLay includes a wide range of colors featuring bright and subtle, sparkle-free designs and decorative chipped options. We know how important it is that your floor stays looking good year after year, so we've added Altro Easyclean for superior chemical and stain resistance.

## Typical applications

General purpose, fast-track, retrofits, education, temporary healthcare, modular and historical buildings

## Features + benefits

- 1 in a million slip resistance reassurance
- Quickly installs with tape
- Can be welded and walked on same day
- Install in areas up to 98% relative humidity
- Embossed backing allows moisture to dissipate
- No adhesive odors
- Easy removal - uplift, reuse and recycle
- Contains rapidly renewable bio-based content
- Emits low VOCs
- Coordinates with popular Altro Walkway 20

### Looks great with

# Altro Wood™ adhesive-free

CAMHS Uxston Hospital

Altro Wood adhesive-free creates maximum impact with minimum downtime. With a wide variety of color choices, 14dB sound reduction, a 10-year warranty and our Altro 1 in a million slip resistance reassurance, Altro Wood adhesive-free offers high levels of comfort underfoot providing a safe, durable and decorative solution for busy spaces.

Using our award-winning adhesive-free installation method, it can be welded and walked on the same day, and at the end of its life can be removed easily, allowing it to be reused or recycled. Using Altro adhesive-free floors, you can halve installation time compared with a traditional adhered installation. It is ideal for busy public spaces where disruption needs to be minimal, plus there are no associated adhesive odors.

## Typical applications

Healthcare, temporary healthcare, modular buildings, historical buildings, senior living, education, retail and offices, hallways, general circulation areas

## Features + benefits

- 1 in a million slip resistance reassurance
- Underfoot comfort
- Sound reduction - 14dB
- Quickly installs with tape - weld and walk
- Install in areas up to 98% relative humidity
- Embossed backing allows moisture to dissipate
- No adhesive odors
- Easy removal - uplift, reuse and recycle

# Altro Cantata™

Parkhead Hospital

Altro Cantata is a tonal and modernist, adhesive-free floor. It is ideal for busy public spaces where disruption needs to be minimal and has no associated adhesive odors. Using our award-winning adhesive-free installation method, it can be welded and walked on the same day, and at the end of its life can be removed easily, allowing it to be reused or recycled.

Altro Cantata also looks great paired with other adhesive-free ranges or may be used alongside a traditional glue-down flooring.

## Typical applications

Healthcare, temporary healthcare, modular buildings, historical buildings, senior living, education, retail and offices, hallways, general circulation areas

## Features + benefits

- Underfoot comfort
- Sound reduction - 14dB
- Quickly installs with tape - weld and walk on the same day
- Install in areas up to 98% relative humidity
- Embossed backing allows moisture to dissipate
- No adhesive odors

# smooth flooring

Altro smooth flooring provides attractive designs that are easy to maintain and install. Whether it's looks, durability or life cycle costs that concern you most, smooth flooring delivers on every count. Our smooth flooring ranges are suitable for a wide array of application areas.

## Smooth flooring

Why smooth flooring?	70
Smooth sheet product offerings	72
Smooth tile and LVT product offerings	98
Technical chart	116

# Why smooth flooring?

Smooth flooring from Altro gives you what you want - an economical and attractive look that's easy to install and maintain. Better yet, our smooth flooring has had a significant makeover. This collection of practical design options blends an expansive color palette with integrated acoustic and hygiene benefits as well as ample comfort underfoot.

From realistic wood and linen visuals to stylish, low-maintenance LVT and even durable rubber tiles, our smooth flooring can easily adapt to fit the unique needs of your design.

Altro Dolce Tile in Dia shown. Also featuring Altro Whiterock wall designs.

## What type of smooth flooring do you need?

- Smooth slip resistance - Altro Symphonia
- Underfoot comfort and noise reduction - Altro Serenade, Altro Wood Acoustic, Altro Orchestra, Altro Wood Comfort
- Budget friendly, contract sheet - Altro Wood, Altro Operetta
- Adhesive-free - Please see previous chapter on adhesive-free flooring
- Luxury vinyl tile/plank - Altro Lavencia LVT
- Robust, durable tiles - Altro Quartz Tile, Altro Ollero
- Homogeneous tile - Altro Dolce

## Typical smooth applications

- Healthcare
- Senior living
- Retail
- Offices
- Education
- Hospitality
- Housing

Altro Symphonia in Agave and Ayana shown. Also featuring Altro Whiterock.

## Better together

Smooth flooring from Altro gives you what you want - an economical and attractive look that's easy to install and maintain. In commercial areas of frequent spills, hygiene and durability concerns, it's best to let our robust collection of safety and slip-resistant flooring join the team.

Install smooth flooring in the dining room and public areas and bring safety (or slip-resistant) flooring and wall protection into the kitchen, bar, service areas and restrooms.

You will rest easy knowing your patrons will have an exquisite experience while the most dangerous areas in your facility are well equipped to handle the tolls of the day.

# Altro Symphonia™

University of Suffolk Dentistry Training School

Industry-leading commercial performance is now yours with Altro Symphonia. Reengineered with Altro ShieldTec and Altro EasyClean for revolutionary stain, chemical and abrasion resistance. Ideal floor for healthcare and meets ISO Class 4 cleanroom requirements.

Our palette now features a range of stylish colors reflecting contemporary trends and diverse interior design needs from across the globe. But don't let Altro Symphonia's delightfully smooth appearance fool you! It delivers all the performance you would expect from Altro including exceptional sustained slip resistance, industry-leading durability and a 10-year warranty.

## Typical applications

Hospitals, operating rooms, patient rooms, lobbies, senior living communities, education, retail, cafés, offices, general front-of-house and multi-purpose areas

### Looks great with

- Altro Wood
- Altro Operetta
- Altro Walkway 20
- All Altro wall options

### Sustainability

- 5% post-consumer recycled content
- Ortho-phthalate-free
- Contains bio-based content
- FloorScore certified and low VOC compliant

## Altro ShieldTec technology

Revolutionary advancements in the manufacturing process of Altro Symphonia have allowed us to produce our most stain-resistant technology to date. Altro ShieldTec delivers industry-leading commercial performance in key attribute areas like stain resistance, chemical resistance, and abrasion resistance.

Altro ShieldTec, teamed with our tried-and-true Altro Easyclean Technology, will provide you with industry-leading commercial flooring performance. All backed by \*third-party independent test houses.

- Revolutionary stain resistance
- Betadine-resistant even after 24 hours
- Industry-leading cleanability
- Exceptional chemical + abrasion resistance
- Long-term durability and color retention
- Lifetime maintenance cost savings
- Sustained long-term slip resistance

\*For third party testing data please refer to Altro ShieldTec flyer available on our website at [altro.com](http://altro.com)

Altro suggests that customers perform a comprehensive stain evaluation using anticipated cleaning products and cleaning procedures used within their facilities prior to choosing and installing Altro Symphonia.

# Altro Operetta™

Veterinary Specialty Center

Altro Operetta is a robust floor perfect for medium to high-traffic areas. It is easy to clean and maintain and can withstand up to 2,000 psi indentation. It has many attractive natural and contemporary colors and finishes to fit your interior design scheme. It matches and coordinates with Altro Orchestra and Altro Serenade to create a complete look throughout.

Combine with our extensive range of Altro wall panels for an attractive and durable floor and wall system.

## Typical applications

Healthcare, senior living, education, retail, offices and recreational areas

## Features + benefits

- Smooth surface is easy to clean and maintain
- Colors coordinate with Altro Orchestra and Altro Serenade ranges for a complete look throughout
- Meets ISO Class 4 cleanroom requirements
- Resists up to 2,000 psi indentation
- FloorScore Certified / Low VOCs

# Altro Orchestra™

15dB

Dr. Rick DeCristofaro Learning Center

For areas where comfort and sound reduction are important, 2.85mm Altro Orchestra has been engineered to create the ideal environment to learn and live. At the same time, the integrated impact sound insulation system cuts impact sound by up to 15dB.

Altro Orchestra offers comfort underfoot, making life easier on the feet of students, patients and particularly hard-working staff who spend countless hours on the move.

With a palette full of colors and designs varying from calming neutrals reflecting tones of nature, to vibrant shades, Altro Orchestra allows you to create the right atmosphere every time.

## Typical applications

Healthcare, senior living, education, retail, offices, light gym and recreational areas

## Features + benefits

- Provides ample comfort underfoot
- 15dB sound reduction
- Resists up to 1,000 psi indentation
- Colors coordinate with Altro Operetta and Altro Serenade ranges for a complete look throughout

# Altro Serenade™

The Glen at Willow Valley

Silence is golden. Whether softening the sounds of little feet or maximizing privacy at work or leisure, acoustic Altro Serenade is more than up to the task. At 3.9mm thick with 19dB impact sound insulation and an IIC rating of 54, not only does it reduce noise, it provides a high level of comfort underfoot, making it a great solution for well-used spaces.

All Altro Serenade color and design options have a match in the Altro Orchestra and Altro Operetta ranges.

## Typical applications

Healthcare, senior living, education, retail, offices, light gym and recreational areas

## Features + benefits

- Smooth surface is easy to clean and maintain
- Provides ample comfort underfoot
- 19dB sound reduction and an IIC rating of 54
- Colors coordinate with Altro Orchestra and Altro Operetta ranges for a complete look throughout
- FloorScore Certified / Low VOCs

### Looks great with

# Altro Wood™

Nethercrest Nursing Home

Altro Wood is an attractive, general purpose 2mm wood-look flooring available in a range of designs with different plank sizes and shades. These include a fine-line design, a classic wide plank and rustic designs, which help create the right look for areas where people live and work.

It's not just about looks though: Altro Wood is designed to cope with the medium to heavy traffic you would expect in busy environments. It is also a perfect partner for a variety of wall shades and finishes, from wall cladding to metal and glass, making design coordination simpler.

## Typical applications

Healthcare, senior living, education, retail, offices and recreational areas

## Features + benefits

- Smooth surface is easy to clean and maintain
- Authentic wood visual creates warm and inviting setting
- Impressive range of designs with different planks and shades available
- Resists up to 2,500 psi indentation
- Allows coordination with Altro Wood Comfort and Altro Wood Acoustic ranges for smooth transition between areas requiring different levels of slip resistance and sound absorption
- FloorScore Certified / Low VOCs

### Looks great with

Altro Wood shown in Slate Oak

# Altro Wood™ Comfort

Creative Minds International

Altro Wood Comfort is an ideal choice for areas that need to look good while providing comfort underfoot. This 2.85mm thick option offers 15dB sound reduction, which is great for noisy environments such as healthcare and education settings. For an acoustic option, please see Altro Wood Acoustic.

With matching design and color options across this range as well as two other wood-look ranges, you can achieve a consistent look throughout with technical performance tailored to each area's specific needs.

## Typical applications

Healthcare, senior living, education, retail, offices, light gym and recreational areas

# Altro Lavencia™

Breakwater Commons

Attractive looks and lasting durability are not the only traits that make Altro Lavencia the premier LVT for commercial applications — Altro Lavencia is now proudly manufactured in the USA!

Available in an assortment of updated films ranging from classic wood tones, coordinating stones, brights and even modern organic looks, Altro Lavencia is a stylish, low-maintenance option for a host of application areas.

Peak beauty and performance will last through its lifetime, even in areas with consistently heavy traffic, thanks to the commercial-grade UV-cured ceramic reinforced urethane finish and 28 mil wear layer.

## Typical applications

Schools, colleges, offices, government buildings, senior living, public housing, apartment communities, retail, dining rooms

### Looks great with

# Altro Quartz Tile™

Winslow Junior High School

Altro Quartz Tile is a homogeneous tile available in chip and marble patterns, providing endless design options for commercial, industrial or public sector applications. Static load testing that exceeds 3000 psi proves Altro Quartz Tile is ideal for heavy pedestrian traffic areas. These tiles are occupancy ready, eliminating the need for initial application of floor finish.

Generate school spirit by pairing logos and colors or improve company morale with vibrant hues that inspire vitality throughout the office.

## Typical applications

Schools, hallways, classrooms, cafeterias, lobbies, waiting rooms, retail, supermarkets, cafés, office buildings, general circulation areas, warehouse and industrial areas, forklift trafficked areas

## Features + benefits

- Homogeneous construction, available in chip and striated patterns
- Static load limit of 3,000 psi
- Easier and faster to install than VCT
- Occupancy ready, no finish required
- 70% quartz content for extreme durability
- PUR coating – easy to maintain and better cleanability compared to non PUR treated products
- Low VOCs

### Looks great with

- Altro Lavencia LVT
- Altro Walkway 20
- Altro Operetta
- Altro Wood
- All Altro wall options

### Sustainability

- Ortho-phthalate-free
- Contains bio-based content
- Low VOC compliant
- Contributes to LEED

# Altro Ollero™

Adrenaline Source for Sports

Altro Ollero is a versatile, durable and eco-friendly rubber flooring solution designed to provide the look of more traditional commercial surfaces such as carpet, stone and even cork. Available in a range of 22 colors with a mixture of solid, speckled, neutral and vibrant tones, these tiles are guaranteed not to curl, harden or crack over time. Their integrated impact and sound absorption properties can help reduce fatigue and excess noise in high traffic areas.

With no need for additional finishes or wax, Altro Ollero is easy to clean and maintain without the use of harsh chemicals, making it a cost efficient option for retail, education and recreational areas. These precision water-jet cut tiles are easy to install and come in a square-edge glue-down format or an adhesive-free interlocking format with four different thickness options.

## Typical applications

Retail, leisure, fitness centers, sporting arenas, education, childcare, gymnasiums, museums, libraries, amusement centers

## Features + benefits

- Easy-to-clean
- Reduces fatigue
- Impact and sound absorbing
- High SCoF values wet or dry
- Long life expectancy + 10-year warranty
- Guaranteed not to curl
- High traction and durability

### Looks great with

Altro Ollero shown in Wave

# Altro Dolce™ Tile

Amazon Office Space Los Angeles

Altro Dolce tile combines the natural beauty of stone with the durability and resilience of enhanced vinyl. With its homogeneous pattern construction and a factory-finished PU coating, Altro Dolce will maintain its look throughout the life of the floor.

Altro Dolce is a sustainable flooring option containing 72% pre-consumer recycled content, helping construction projects achieve LEED certification. Installing Altro Dolce in front-of-house areas and Altro safety flooring in heavy duty/back-of-house areas is a very practical decision.

## Typical applications

Schools, hallways, classrooms, cafeterias, lobbies, waiting rooms, retail, supermarkets, cafés, office buildings, general circulation areas

## Features + benefits

- Homogeneous construction, pattern appears throughout thickness of product
- Balanced color palette with soft marbled looks
- Factory-finished PU coating for easy cleaning and maintenance
- Contains 72% pre-consumer recycled content
- Ortho-phthalate-free
- Contains bio-based content
- Tested to withstand 2500 psi
- Low VOCs

### Looks great with

# wall systems

Choosing your wall system solution is simple; it's all about where you need to use it. Will it be a functional, hygienic, watertight installation? Are you looking to protect against scuffs and scratches? Or are aesthetics more important? We have wall systems that suit all of these credentials and more, including digitally printed wall panels to create interiors that are truly spectacular and can be customized to suit your specific design goals.

## Wall systems

Why choose walls from Altro?	120
Our wall portfolio	121
Wall products	122
Integrated floor + wall solutions	126
Technical chart	150

# Why choose walls from Altro?

Our wall systems were introduced over 40 years ago and have been a market leader ever since. Providing creative freedom to designers, specifiers and end users, our effective, impervious walls systems deliver a safe, hygienic, decorative and fire-compliant wall solution.

Our portfolio includes functional, performance-driven wall protection as well as more decorative options. With a wide range of solutions, we can provide you with complete design flexibility for any environment.

## A complete system

What makes us different from our competition? Our system! We don't just supply wall panels - we supply the whole system including accessories, adhesives, tools, installer training classes and the support staff to back them all up.

With multiple methods of joining panels and transitioning from floor to wall, Altro has a wall solution for every application area.

## Typical wall system applications

- Shower enclosures and wet areas
- Operating rooms and sterile areas
- Cleanrooms and laboratories
- Commercial kitchens and back-of-house
- Manufacturing and production
- High-traffic areas
- Receptions, lobbies and front-of-house
- Retail and corporate
- Wainscoting, backsplashes and headboards

# Altro Whiterock™

# White and Satins

Paramount 24 Hour Animal Hospital

Thinking of replacing ceramic wall tiles with a proven, high-performance option? Consider Altro Whiterock – the hygienic alternative to tiles that's impact-resistant, grout-free and easy to clean. Its smooth surface makes it a top choice for healthcare — in which sterile areas are of utmost importance.

Altro Whiterock is HACCP approved and is made from a high-quality, food-safe PVC polymer that can handle temperatures up to 140°F /60°C.

Combine with Altro safety flooring for a fully integrated, water-resistant finish perfect for showers and other wet environments.

## Typical applications

Bathrooms, showers, spas and pool decks, operating rooms, pharmaceuticals, cleanrooms, scrub rooms, sterilization area, food manufacturing

### Looks great with

- Safety flooring
- Slip-resistant flooring
- Adhesive-free flooring
- Smooth flooring

### Sustainability

- Phthalate-free
- Emits no VOCs
- Contributes to LEED
- EPD available

## An integrated floor and wall solution

Altro Whiterock is an integrated solution, meaning it fits together perfectly to provide a hygienic, watertight surface that's ideal for designing a sterile field. This doesn't just offer the best possible protection against bacteria and contamination; it makes cleaning easy too.

Easy-to-clean

Effective detailing + accessories

Fully sealed

Thermoformed on-site

Heat-welded joints

High impact resistance

### Easy to keep clean

Together, our products provide a robust, hard-wearing surface that resists stains, odors and chemicals. PVC is non-porous, non-shedding, and has very high impact resistance, preventing damage that can trap bacteria compared to traditional surfaces.

### Fully sealed

Altro Whiterock is a fully-bonded system with hygienic sealed edges, abutments and joints. It can even be sealed around fixtures and fittings.

When joined together with Altro flooring, our wall panels form a watertight covering - from floor to ceiling.

### Thermoforming

Because our wall panels can be molded around corners on-site, they form an uninterrupted surface that's resistant to impact and damage. There's no need for unsightly corner trims which can form potential dirt traps that are difficult to access and clean.

### Joint forces

Joints and junctions are a key part of system integrity. For instance, did you know that traditional flooring cap trims used with resilient flooring forms a ledge that is not USP 797/800 compliant?

While we have multiple joining methods, we recommend heat-welding for all wall joints and overlapping for wall-to-floor transitions in hygienic areas.

Altro Whiterock

Thermoformed corners  
No unsightly trims

Heat-welded joints  
Fully-sealed, seamless joining

Cross section of wall cladding overlapping floors

Cove stick  
For a smooth transition  
up the wall

Wall overlaps floor  
Typical installation

Rockville General Hospital's behavioral and mental health ward chose Altro Whiterock, Altro Aquarius and Altro Walkway 20

# Altro Whiterock™ Matte

Livability Spinal Injury Center

Doors and plaster board walls can easily be damaged, whether by scrapes and knocks as people pass, or more serious dents and holes caused by wheeled traffic. Altro Whiterock Matte has been specifically designed to protect these surfaces. Altro Whiterock Matte is dense, impervious and resistant to bumps. It features a lightly-textured surface and homogeneous color which camouflages scuffs and scratches, keeping the wall area looking better longer.

With an impervious, easy-to-wipe surface, Altro Whiterock Matte improves cleanability, which is a major advantage within its recommended application areas.

## Typical applications

Healthcare, senior living, high-traffic areas, corridors, food manufacturing, back-of-house, showers and spas

### Looks great with

- Safety flooring
- Slip-resistant flooring
- Adhesive-free flooring
- Smooth flooring

### Sustainability

- Phthalate-free
- Emits no VOCs
- Contributes to LEED
- EPD available

# Altro Puressentials

Introducing Altro Puressentials - the innovative wall cladding system that meets your commercial durability, cleanability, and hygiene needs yet is a game-changer in terms of sustainability. It is the ideal solution for areas that require PVC-free wall cladding options.

Altro Puressentials has a smooth, matte surface that emulates the appearance of paint. You can be sure that Altro Puressentials will create a durable and long-lasting surface that's easy to clean and maintain while protecting against scuffs, stains, and fungal growth.

## Typical applications

Critical hygiene and healthcare areas, operating rooms, central sterile, laboratories, cleanrooms, medical device rooms, pharmacies, any application that requires a PVC-free wall panel

## Features + benefits

- PVC-free, PETG construction
- Halogen-free
- BPA-free
- Low VOC, meets CA 01350
- Meets UL safety certification requirements
- Easy-to-clean
- Resists stains, chemicals and fungi
- Thermoformable on-site
- Combine with half-lapping service for a fully PVC-free application

# Altro Whiterock™ Digiclad

UCSF Medical Center Gateway Medical Building

Add a bold statement, a calming touch, or a personal connection to any space with Altro Whiterock Digiclad. If you can imagine it, we can help you make it real.

We print high-resolution photography or vector illustrations directly onto durable Altro Whiterock, then finish each panel with a durable liquid hard coat for lasting performance.

Choose from our curated image or supply your own design for full creative freedom. Whether it's a calming nature scene in a hospital, a vibrant pattern in a school, or a local landmark in a care home, Altro Whiterock Digiclad helps turn spaces into experiences.

## Typical applications

Feature walls, healthcare, education, retail, offices

## Features + benefits

- Complete panel customization
- Standard image library or provide your own
- Bespoke graphic design services available
- Durable liquid hard-coat surface technology
- Matte or gloss finish
- Easy-to-clean, hygienic surface
- UV-exposure tested
- Class A fire rated + CAN/ULC tested
- Fabricated in the USA with US and German materials

### Looks great with

- Safety flooring
- Slip-resistant flooring
- Adhesive-free flooring
- Smooth flooring

# Turning spaces into experiences with Altro Whiterock Digiclad

## Customer prep

What would you like to print?  
What size does it need to be in the space?

## Data submission and review

Your sales representative will send your project details in for production review.

## Proofing

You will receive a digital proof to review for manufacturing accuracy.

## Production, quality control and shipping

Once printing is complete your panels are liquid hard coated, cured, quality controlled and prepared for shipping.

## Ready for your final installation...

Dorridge Primary School

# Altro Tegulis™

Sheffield Olympic Legacy Park Stadium

For a sophisticated space, effortlessly create your own style with Altro Tegulis – the modern alternative to traditional tile walls. With a broad palette of colors and designs to choose from, it's the perfect way to elevate any environment.

Combining the chic look of tile with custom-etched faux grout lines, Altro Tegulis offers a hygienic, low-maintenance solution. Say goodbye to the cleaning and repair headaches of traditional tiles. The robust PVC construction prevents water and bacteria from penetrating below the surface, allowing for thorough cleaning and disinfection with ease.

Altro Tegulis is fully customizable, allowing you to select from our standard range of designs or even specify a unique custom design tailored to your installation. And the customization doesn't stop there – you can choose from three unique joining methods: half-lap, interlocking, or straight edge. This flexibility ensures that Altro Tegulis can be used in a variety of spaces, including wet environments like showers and tub surrounds.

## Features + benefits

- Extensive color + pattern palette
- Etched grout lines maintain hygiene
- Resists bacterial growth
- Non-porous, hydrophobic
- Class A fire-rated, CAN/ULC tested
- Emits no VOCs
- Lead-free, phthalate-free
- Fabricated in the USA with German materials

## Typical applications

Residential healthcare, multi-family residential, shower enclosures, tub rooms, bathrooms, backsplash, focal walls, kitchenettes

# Altro Whiterock™ Whiteboard

Altro Whiterock Whiteboard is a premium clear dry-erase lamination that allows for any Altro wall panel to be turned into a custom dry-erase board.

The chemical and scratch-resistant clear gloss surface safeguards against ghosting and staining from ink as well as graffiti. When compared to other dry-erase boards, Altro Whiterock Whiteboard is remarkably easier to erase.

Its anti-graffiti properties also allow for easy removal of permanent marker with rubbing alcohol.

## Typical applications

Operating rooms, nurses' stations, patient rooms, boardrooms, chef boards, education, daycare

Altro recommends the use of joint strips and start and edge trims with our Altro Whiterock Whiteboard product.

### Sustainability

- Phthalate-free

# Altro Whiterock™ Recessed Shelves

To complement Altro Whiterock in shower areas, we are now offering prefabricated, factory-formed, recessed shelf units. Made from the exact same material as Altro Whiterock wall panels, these shower units are ideally suited for mental health installations. They are recessed into the drywall and heat-welded flush to the adjoining wall panel, making them an extremely hygienic, smooth solution and ideal for use in healthcare, senior living, and mental health facilities.

Seamed flush to the wall with no ledges or lips to grab hold of, the system is tamper-resistant and free from potential ligature points.

## Typical applications

Showers in healthcare, senior living, behavioral health and leisure areas

Please inquire with your local Altro representative about additional color availability with minimum order quantities.

### Sustainability

- Phthalate-free
- Emits no VOCs
- Contributes to LEED

More content online [www.altro.com](http://www.altro.com)

## Features + benefits

- Integrates with Altro Whiterock panel
- Two sizes available: Rectangle 19" x 8" x 4" and Square 16" x 16" x 4"
- Available in four colors that match Altro Whiterock - Standard White, Linen, Oyster and Fawn.
- Extremely hygienic
- Easy-to-clean
- Recessed into the wall
- Flush heat-welding
- Tamper-resistant
- Free from ligature points

# Altro Puraguard™

Fox Meadows Creamery

Create a complete floor and wall solution for back-of-house areas by combining Altro Puraguard wall panels and accessories with Altro safety flooring. The easy-maintenance, hygienic PVC surface will help you assure that your kitchen is clean and that food is safe for consumption. Better yet, Altro Puraguard has become the in-demand, economically priced wall protection product for back-of-house areas and is a great alternative to FRP.

Say goodbye to cracked tiles! Altro Puraguard is durable and can prevent damage to walls from moving carts, bumps and dings. Its homogeneous throughout coloring camouflages scuffs so your kitchen stays looking new longer.

## Typical applications

Commercial kitchens, food prep, service areas, back-of-house areas, janitorial closets

## Features + benefits

- High stain and chemical resistance
- Durable system accessories
- Fully bonded to substrate
- No glass fibers
- Impervious to water ingress
- Withstands robust cleaning procedures including pressure washing
- Resists mold and fungi growth
- Meets USDA, FDA and CFIA standards
- Class A fire-rated, CAN/ULC tested
- Non-porous, non-friable
- Product specific EPD available

### Looks great with

- Safety flooring
- Slip-resistant flooring

### Sustainability

- Phthalate-free
- Emits no VOCs
- Contributes to LEED
- EPD available

# Altro Fortis Titanium™ 15

Walls in commercial buildings can easily be scraped and bumped as people pass, or more serious dents can occur from wheeled traffic such as hospital beds and moving carts. Altro Fortis Titanium 15 has been specifically designed to shield drywall in these busy spaces while offering a quick and simple installation that does not require any specialty training.

Altro Fortis Titanium 15 is a full system that includes durable panels, easy-to-apply adhesive, color-matched sealant, and prefabricated corners. You don't need to be a skilled wall cladding installer to perform a quality installation of Altro Fortis Titanium 15. In fact, skilled laborers, drywallers, and maintenance staff will find the system quick and easy - saving the end-user considerable time and money.

## Typical applications

Corridors, utility areas, back-of-house, headwalls

## Features + benefits

- Quick and simple installation – no specialty training required
- Complete wall covering system with prefabricated corners, adhesives and color matched sealants
- Free of unsightly connector pieces for a clean, aesthetically pleasing appearance
- Reduces repair and maintenance time and costs while keeping commercial interiors looking new and fresh
- Twenty-year limited product warranty
- Class A fire-rated, CAN/ULC tested
- Non-porous, non-shedding
- Product specific EPD available

### Looks great with

- Safety flooring
- Slip-resistant flooring

### Sustainability

- Phthalate-free
- Emits no VOCs
- Contributes to LEED
- EPD available

# Flooring accessories

## C7 Cap strip

C7

Pliable "J" shaped vinyl finishing cap used with flash covered sheet vinyl flooring.

Available in: Black, White /Salt, Dove Gray, Barley, Pepper.

## 20mm Mini cove former

CF20R

Used to create flash coving with resilient sheet flooring. For use with sheet flooring up to 2.5mm thick.

## 38mm Cove former

CF38R

Used to create flash coving with resilient sheet flooring. For use with sheet flooring 2.5mm thick and above.

## Cap strip - stainless steel

SSCAP67

Stainless steel "J" shape finishing cap strip used with flash cove sheet vinyl flooring up to 3.0mm thick.

## Stainless steel corner guard

3" - CORNER3

5" - CORNER5

Stainless steel corner for protection of external flash covered corners.

## C11 Cap strip

C11

Pliable vinyl finishing cap used at the top of quarry tile base or similar when flash coving over existing tile. Available only in black.

## C8 Captile strip

C8

Rigid "H" shaped vinyl transition cap w/8mm shelf to be used between flash covered sheet flooring and wall tiles and/or wall cladding.

Available in White/Salt, Barley and Pepper.

## C4 Cap strip - H shape

C4CAP

Pliable "H" shaped vinyl transition cap w/4mm shelf to be used between flash covered sheet flooring and Altro wall panels. Available in White/Salt, Barley and Pepper.

## Gully angle

GA25/35

Vinyl "L" shaped accessory to be heat-welded to sheet vinyl and used with raised floor sinks that are higher than the finished floor level. Available in Black, Storm (Dark Gray), Fog (Light Gray), Russet (Quarry Red) and Tundra.

### 50mm Joint cover strip

Black - QCJ50

Gray - QCJ50/LIGHTGRAY

Joint cover strips can be used over some expansion and construction joints and is heat welded to Altro safety floors the finished floor.

### 75mm Joint cover strip

Black - QCJ75

Joint cover strips can be used over some expansion and construction joints and is heat-welded to Altro safety floors.

### Shower transition trim

ASF WETTRIM/\* color code

Transition between flooring of wet rooms and shower areas in order to minimize water spread. Available in Cream 01, Light Gray 03, Medium Gray 04 and Light Brown 02.

### Visedge DS

DS

Aluminum over the top reducer threshold to finish a raw edge of flooring where it needs to transition down to zero.

### Visedge VR

VS

Aluminum alloy retainer with pvc insert to receive heat-welded sheet vinyl that can abut a raised floor sink or quarry tile and patched down to zero.

### Stainless steel plate

SSPLATE

Loose lay metal sheet designed to protect floor from oven heat. Ships with protective film covering.

### Gulley edge with reducer

20mm - GE25RE

35mm - GE35RE

Vinyl "T" shaped accessory to be heat welded to sheet vinyl and used with floor sinks, square or rectangular trench drains. Available in Black, Storm (Dark Gray), Fog (Light Gray), Russet (Quarry Red) and Tundra.

### Corner guard

A543/210 | A543/206 - 2" x 2" x 3"

A545/210 | A545/206 - 2" x 2" x 5"

Protection for external corners of covered flooring. Available in Urban and Fawn, custom colors are available with MOQ.

### Weldrod

WR\* add color code

PVC welding rod for use with Altro sheet vinyl flooring. Colors coordinate w/sheet flooring colors.

# Flooring accessories continued

## EcoFix+

ECP1.0 (1 GAL) | ECP4.0 (4 GAL)  
Transitional pressure sensitive adhesive (TPSA).

## AltroFix ZERO

AL\_ZERO2.0  
1-part hybrid urethane adhesive.

## AltroFix 30

AL300.5 (1/2 GAL) | AL301.0 (1 GAL) |  
AL302.0 (2 GAL)

Two-part polyurethane adhesive used for installing safety sheet vinyl in high traffic and/or wet areas.

## AltroFix 31

AL310.5 (1/2 GAL) | AL311.0 (1 GAL)  
Fast-acting two-part polyurethane adhesive used for installing safety sheet vinyl in small, wet environments.

## AltroFix SD70 acrylic adhesive

SD701.0  
One-part acrylic adhesive used for installing Altro Walkway 20SD in static sensitive areas.

## Adhesive for recycled rubber flooring

RFA4.0  
One-part polyurethane adhesive used for installing Altro Ollero.

## EcoFix 65 spray adhesive

EC65  
Non-toxic, water-based adhesive used for tile and/or plank flooring.

## EcoFix 35 spray adhesive

EC35  
Non-toxic, water-based adhesive used for resilient sheet vinyl flooring in dry environments.

## AltroMastic 100 UC

A1M/\* add color code.  
Caulking compound used for sealing joints where obstructions prevent the use of a heat-welding gun. Available in clear or color to match specific colors.

### Installation tape

1" - TAPE1 | 4" - TAPE4 | 6" - TAPE6

Adheres cove stick and flashed coved flooring in place.

### Adhesive-free tape

XLTAPE25

For adhering adhesive-free sheet vinyl in place.

### Everlay underlayment

MEA1.2

For installing sheet vinyl over old or new surfaces with subfloor problems.

### Acoustic 1101 underlayment

ACOUSTIC36LM

For reducing the passage and transmission of sound.

### Roof to wall flashing

White - PRTEWHITE

Tan - PRTE TAN

Gray - PRTEGRAY

PVC coated roof to wall flashing for use with Altro Promenade.

### Drip edge flashing

White - PDEWHITE

Tan - PDETAN

Gray - PDEGRAY

PVC coated drip edge for use with Altro Promenade.

### Cold Weld

CEGE\_GREEN

Eco-friendly chemical weld for smooth sheet.

### Flashcove

SMALL TOE: 4" X 4" X 10' - FCSMT44

LARGE TOE: 4" X 6" X 10' - FCLGT46

Prefabricated, coved base with a bonded aluminum reinforcing backer.

### Safety accent flooring

Safety Yellow

TFM2229 (2.2mm)

TFM2729 (2.7mm)

To be used as a visual aid when transitioning between floor levels and contrasting areas.

LRV 46

## Flooring accessories continued

### Aluminum cap strip

ALTF03

Aluminum alloy cap strip used for 3mm - 4mm floors.

### Aluminum edge trim / cap strip

ALTWF02

Aluminum alloy edge trim / cap strip used for 2mm - 2.5mm floors and walls.

### Altro QuickFix 3042

QUICKFIX

Fast-reacting, two-part epoxy caulking adhesive

# Altro Whiterock accessories

## 1-Part start and edge trim

8'2" G833/25/\* color code  
9'10" G833/30/\* color code  
Covers the edge of the sheet and gives a secure, finished edge.

## 1-Part joint strip

8'2" G831/25/\* color code  
9'10" G831/30/\* color code  
Vertical joint strip used to join adjacent sheets includes neoprene seal to make the joint watertight.

## PVC corner protectors

A539/12/\* - add color code  
A539/25/\* - add color code  
This accessory protects external corners from dents.

## 2-Part start and edge trim

8'2" A833/25/\* color code  
9'10" A833/30/\* color code  
2-part transition piece used to finish a raw edge of Altro Whiterock i.e. top edge of wainscoting.

## 2-Part joint strip

8'2" A831/25/\* color code  
9'10" A831/30/\* color code  
Joins two wall panels together to create a smooth finish in areas where heat-welding isn't viable.

## 2-Part cut tile transition strip

A832/25/\* color code  
Used as a transition piece between Altro Whiterock and flashed covered flooring.

## 2-Part decorative start and edge trim

A833/25/\* - 8'2" add color code  
A833/30/\* - 9'10" add color code  
Metallic visual 2-part transition piece used to finish a raw edge of Altro Whiterock wall designs. Colors under matching joint-strip.

## 2-Part decorative joint-strip

A831/25/\* - 8'2" add color code  
A831/30/\* - 9'10" add color code  
Metallic visual strip joins two Altro Whiterock wall designs panels to create a smooth finish where heat-welding isn't viable. Colors: Silver, Nickel, Graphite, Champagne and Bronze.

## Altro Sanitary Sealant UC

White - A802  
Clear - A803  
Color - A805/\* color code  
For creating a hygienically-sealed edge.

# Becoming a recommended installer

The goal of the Altro training academy is to train and qualify a network of professional flooring and wall installers who wish to become part of a specialized group of recommended Altro installers and fitters. The academy is ideal for flooring installers, general contractors, and carpenters looking to learn how to install these specialized commercial products. Altro stands behind our installers and always recommends that customers use Altro trained installers.

Two training centers are located in the United States. They are located in Wilmington, Massachusetts and Santa Fe Springs, California. We also have a Canadian facility located in Mississauga, Ontario. Typical installation scenarios are integrated with best practices for a better, hands-on, learning experience.
