Adra Housing, Wales

Altro flooring now standard for
welsh social housing provider

“We have a longstanding and very strong relationship with Altro. Our decision to exclusively use their flooring going forward will ensure consistency and a high level of quality, durability and aesthetics across the homes we have available where we have developmental control.”

Elliw Owen,
Senior Development Surveyor at Adra

Adra Housing, Wales

Altro flooring now standard for welsh social housing provider

Issue

Adra, a leading affordable housing provider in North Wales has constructed a large scheme of mixed housing units in Caemarfon, Wales. The scheme offers 46 properties comprising two, three and four-bedroomed houses and bungalows available as market sales, rent to own and social rented units. Adra creates comfortable, affordable, contemporary and stylish homes for their clients using quality interior components.

Approach

Altro's wide range of colours offers choice and flexibility in terms of design, enabling Adra to match to kitchen units and Royal National Institute of Blind People (RNIB) recommendations, making this housing scheme accessible for all. With proven durability combined with good looks, performance and impressive safety credentials, Altro products have delivered great results for Adra over many years with long-term sustainability of quality and standards, and it is for these reasons that Adra have chosen Altro as their standard flooring supplier on all their new-build programmes.

Solution

Altro Wood safety flooring was fitted in all kitchens on the scheme in a choice of three colours. All bathrooms and shower rooms were fitted with Altro Aquarius safety flooring in the colours Swan, Cygnet, or Tern.

"We have not had one problem with the flooring, and the 12-month assessment reported it looked as good as the day it was fitted," said Elliw Owen, Senior Development Surveyor at Adra. "Another big plus for us is that our local flooring installers love working with Altro flooring because it's an easy product to lay and work with. This means we don't need to bring in expensive specialist flooring contractors, and we can keep it local."

"We want to offer our residents beautiful, stylish flooring they can be proud of. We are pleased to be working with Altro; their flooring ticks all the boxes for us."

Elliw Owen,
Senior Development Surveyor at Adra

Looks great with:

1. Altro Pisces™
2. Altro Wood™ adhesive-free
3. Altro Orchestra™

Altro Wood is an attractive, general purpose 2mm wood-effect vinyl flooring available in a range of designs with different plank sizes and shades, helping you create the right look for areas where people live and work. It is designed to cope with medium to heavy traffic in the areas specified above and has sustained slip resistance for the lifetime of the floor.

Altro Aquarius was developed for lasting performance in shoes or barefoot. Achieving Class B to DIN 51097 for barefoot use, plus PTV ≥50 (Slider 96), it provides optimum lifetime sustained slip resistance in wet and dry environments. The range features plain and tonal chip options to help you achieve high contrast and design flexibility. It has been extensively tested with a variety of shoes and contaminants to ensure top performance in high-risk environments. It's also easy to clean. With Altro Aquarius you can have it all: good looks and safety.
