

Designed for possibilities.  
Made for people.

lightweight safety flooring for the transportation industry

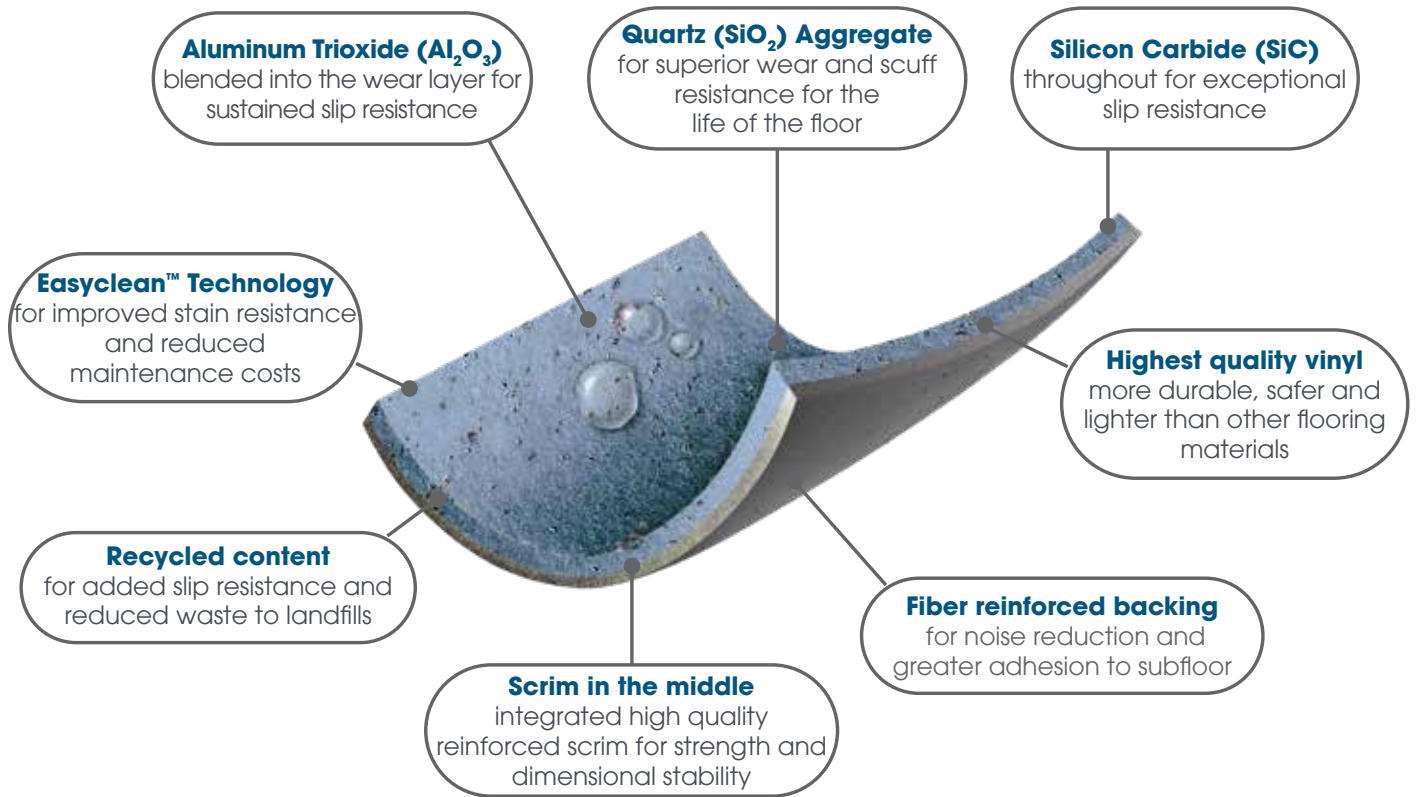

## Quick ship floors program

In stock, multiple locations

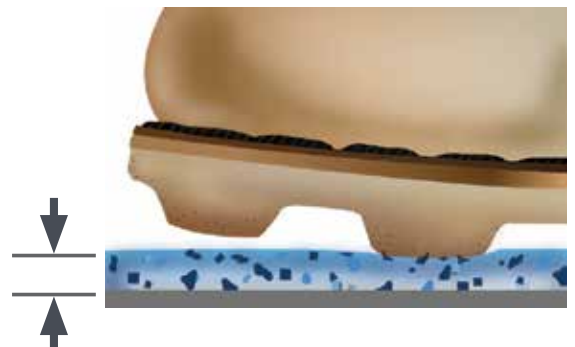

# Altro Transflor™

Altro has been creating and manufacturing high quality bus flooring for more than 60 years. Driven to transform vehicle interiors for the people who use them, design-led innovation is at the heart of everything we do. Working closely with the industry's leading bus and coach builders and operators globally, we aim to create environments for passengers which are both inviting and safe.

## Benefits of Altro Transflor safety flooring

- We have reduced the weight of our floors by 20%\* and you now have a choice for the lightest 2.2mm heavy duty safety floor. Lightweight construction has direct impact on fuel economy, vehicle wear and passenger load
- Contains post-consumer recycled content otherwise destined for landfills
- Contains bio-based content
- Heat welded seams create a watertight surface that prevents subfloor damage and eliminates unsightly seam moldings
- Highly durable - retains appearance and performance for the life of the floor
- Full range of moldings, step nosings, adhesives, sealants, weldrods, caulking, installation tools, maintenance supplies and other accessories are available
- Exceeds ADA standards
- Available in 2 meter wide (6'7"), 2.2 mm thick rolls
- Backed by a 12-year warranty
- Available at all OEMs
- Warehoused in North America
- **Aggregates throughout the entire wear layer** provide exceptional sustained slip resistance for the life of the floor achieving a PTV of  $\geq 36$  providing a 1 in a million chance of a slip\*\*.

\*Calculations based on new product weight in comparison to 2017/2018 product weight.

\*\*Based on PTV  $\geq 36$  and CIRIA, Safer Surfaces to Walk on

# Altro Transflor quick ship program

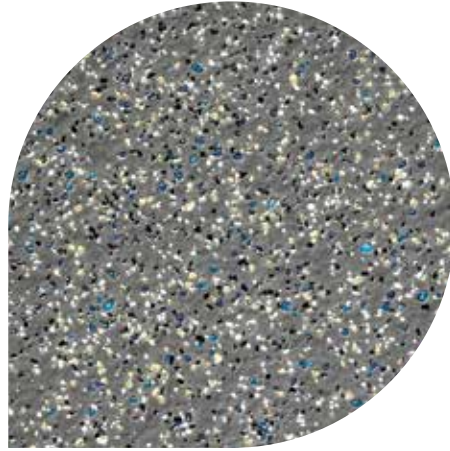

Locally stocked in North America, these select colors are part of the Altro Transflor quick ship program. We are committed to fulfilling a fast turn around on all quick ship orders. Engineered to  
reduce weight with  
no compromise on safety

“ Altro’s textured, slip resistant design provides safety to the passengers and remains easy to clean. My experience has shown that using Altro Transflor safety flooring is an effective way to help contribute to the reduction of slip, trip and fall accidents. ”
