Altro floor cleaner and maintainer

AltroClean 48W™

Part No. FC48W5L/FC48WIL

February 2015

AltroClean 48W is specially formulated to clean Altro rubber flooring and Altro smooth vinyl floorings. It may also be used for Altro safety flooring where these are not required to provide maximum slip resistance as AltroClean 48W contains a special wax and will reduce slip resistance.

Where slip resistance is important, AltroClean 44™ is the preferred cleaning agent. It is the responsibility of the building owner to assess the appropriate level of slip resistance in all areas.

Method of use - one

1. Sweep the floor.
2. Add AltroClean 48W to clean, warm water; the dilution rate depends upon the degree of soiling (see opposite).
3. Apply with suitable equipment such as a deck scrubber or similar, or preferably a machine fitted with medium duty pads (brushes for Altro Nuvola Stratus studded rubber) and leave for several minutes for the cleaner to attack the surface soil.
4. Remove excess liquid then buff to a shine if desired.

Method of use - two

1. Sweep the floor.
2. Apply a fine spray of cleaner (dilution 1:40).
3. Use a machine fitted with fine pads (brushes for Altro Nuvola Stratus studded rubber) and buff to a shine.

Dilution rate

Regular maintenance: Use 1 part AltroClean 48W to 40 parts clean, warm water. For heavily soiled floors; Use 1 part AltroClean 48W to 10 parts clean, warm water.

General

Full maintenance details for the range of Altro floors are available from Altro.

Health and safety precautions

This material contains surfactants and wax. Skin contact should be avoided. Wear rubber gloves.

First aid

Skin: The affected area should be irrigated with water and washed with soap.

Eyes: In case of contact with eyes irrigate with copious amounts of water. Seek medical attention.

Ingestion: Do not induce vomiting. Give drinks of milk or water and seek medical attention immediately.

Spillages

Flush thoroughly with water.
Available in 1 litre and 5 litres.
