Altro Walls ShowerKit™

Transforming spaces in
wet rooms and bathrooms

altro.com

Altro Walls ShowerKit

Altro Walls ShowerKit enables you to transform the appearance of bathrooms without undertaking extensive renovations, saving both time and money in refurbishment or new build projects. Without the need for grout – where stains and mould can be a problem - Altro Walls ShowerKit looks good from installation and beyond.

Simple to install, available with a range of matching trims Altro Walls ShowerKit is suitable for use by both professional installers and experienced DIYers.

Altro Walls ShowerKit creates a water-resistant, durable and easy to clean surface eliminating the need for costly and time-consuming tile removal.

Altro Walls ShowerKit, suitable for residential bathrooms and wet rooms, simplifies and provides ease of installation. Helping to create a neutral and clean appearance, or a contemporary ambience, Altro Walls ShowerKit is available in a range of colours and designs and can be installed over existing ceramic tiles.

Unlike traditional wall solutions, Altro Walls ShowerKit removes the need for specialised installation, making it an ideal choice for both residential and light commercial settings. With its innovative design, Altro Walls ShowerKit significantly reduces installation time and effort, returning areas to use faster, streamlining the overall construction process and minimising disruption to tenants.

Available in a range of colours and tile-effect designs, Altro Walls ShowerKit offers limitless design possibilities to complement any style or theme.

Save time, save money with Altro Walls ShowerKit

Reduce time

A ceramic tile installation is a meticulous process that demands preparation, time and precision to ensure a flawless finish. Moreover, waiting for adhesive and grout to properly set before moving on to the next steps adds to project time.

Altro Walls ShowerKit reduces installation time by over 60% compared to ceramic tiles, and removes the need for resource-heavy preparation, with the ability to install directly over ceramic tiles.

Save money

Manufactured in the UK, Altro Walls ShowerKit provides a sealed, watertight system for enhanced safety and hygiene. Compared with standard grouting, Altro Walls ShowerKit doesn't absorb a drop of water or compromise hygiene:

- waterproof - impervious, non-absorbent
- washable, easy to clean
- withstands temperature extremes
- sealed and hygienic
- quick, easy installation
- can be installed over tiles

Our integrated system offers a wide range of colours and finishes from clean white through to our decorative colour, gloss and design options providing a range of high-design finishes giving elegance and durability.

Conquering common tile problems

Ceramic tiles can give you maintenance problems that Altro Walls ShowerKit doesn't. Staining, grout cracking and individual tile failure are common issues but with our Altro Walls ShowerKit system there is less need to spend time and money inspecting and repairing surfaces.

Perfect partners

Finding the perfect partnership between floor and wall coverings can be difficult, with the risk that the selected products may fail. Complete the look with Altro specialist safety floors for wet rooms and bathrooms. Altro Aquarius and Altro Pisces keep your risk of slipping to one in a million, giving you peace of mind.

How it works

Can be fitted over differing substrates, including existing tiles with no need to wait for specialist trades on-site:

- installed in a grid chevron pattern using AltroFix MP600, a fast-curing multipurpose MS-Polymer, providing a tough and robust finished surface
- joints between sheets are sealed using a new and unique backplate trim ensuring a watertight and impervious wall finish
- internal / external corners, edges and joints to baths and shower trays can be finished using a range of accessories achieving a long-lasting and modern solution

Full installation instructions can be found on the Altro website www.altro.com
