

# AltroFix™ 30

Two-part polyurethane adhesive

## Features and benefits

- Installs in areas up to 90% RH
- Excellent for occupied areas (hospitals, schools)
- Outstanding adhesion in areas with extra heavy traffic and rolling loads
- Excellent for water spray areas, such as produce departments in grocery stores
- Solvent-free
- Low VOCs less than 12 grams/liter
- Complies with South Coast Air Quality Management District #1168
- FloorScore certified

## Applications

AltroFix 30 two-part polyurethane adhesive is recommended for the installation of Altro flooring on clean and dry subfloors, above, on or below grade.

## Specifications

AltroFix 30 Part A mixes with Part B to form one gallon of adhesive. Approximate coverage is 150-180 square feet per gallon depending on porosity of the substrate.

For installation instructions consult the Altro sheet flooring installation guide or adhesive label.

## LEED facts

LEED v4 This product may help contribute to the following credits

AltroFix 30 **1**

Environmental quality  
Low emitting materials, adhesives **1**
