Made for people.

## Altro case study: Wollongong Yacht Club

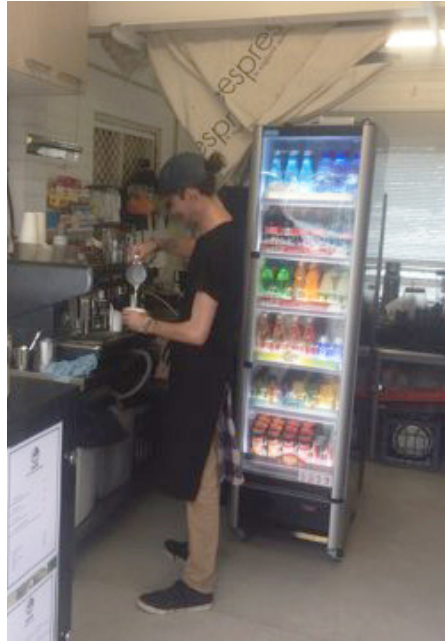

**Case Study:**  
Wollongong Yacht Club

**Location:**  
New South Wales

**Product:**  
Altro Cantata

**Quantity:**  
24m<sup>2</sup>

**Installer:**  
Future Floors

“

*'Altro Cantata transformed our shed to a café in just one day. We are amazed how a large crack through the middle of the concrete floor has been completely hidden by the Altro Cantata with minimal floor preparation. We now have a floor finish that is both hygienic and easy to clean.'*

**- Stephen Phillips, Commodore Wollongong Yacht Club**

”

Founded in 1966, the Wollongong Yacht Club is a sporting club located in New South Wales, dedicated to all things sailing and yacht racing.

Wollongong Yacht Club are committed to providing members and guests with exciting annual calendars of activities and events.

They were looking to renovate their cafe space in their clubhouse. As a not-for-profit clubhouse, Altro donated Altro Cantata™ safety flooring to give them a helping-hand.

Altro Cantata™ is a decorative, adhesive-free floor that creates maximum impact with minimum downtime. Using our award-winning adhesive-free installation method, it can be welded and walked on the same day, and at the end of its life can be removed easily, allowing it to be reused or recycled.

Altro Cantata's 16 soft-look shades, enable you to set the desired tone yet it also has the durability needed for medium to high traffic areas.
