Altro's wetroom solution to  
cold bathing house

### Issue

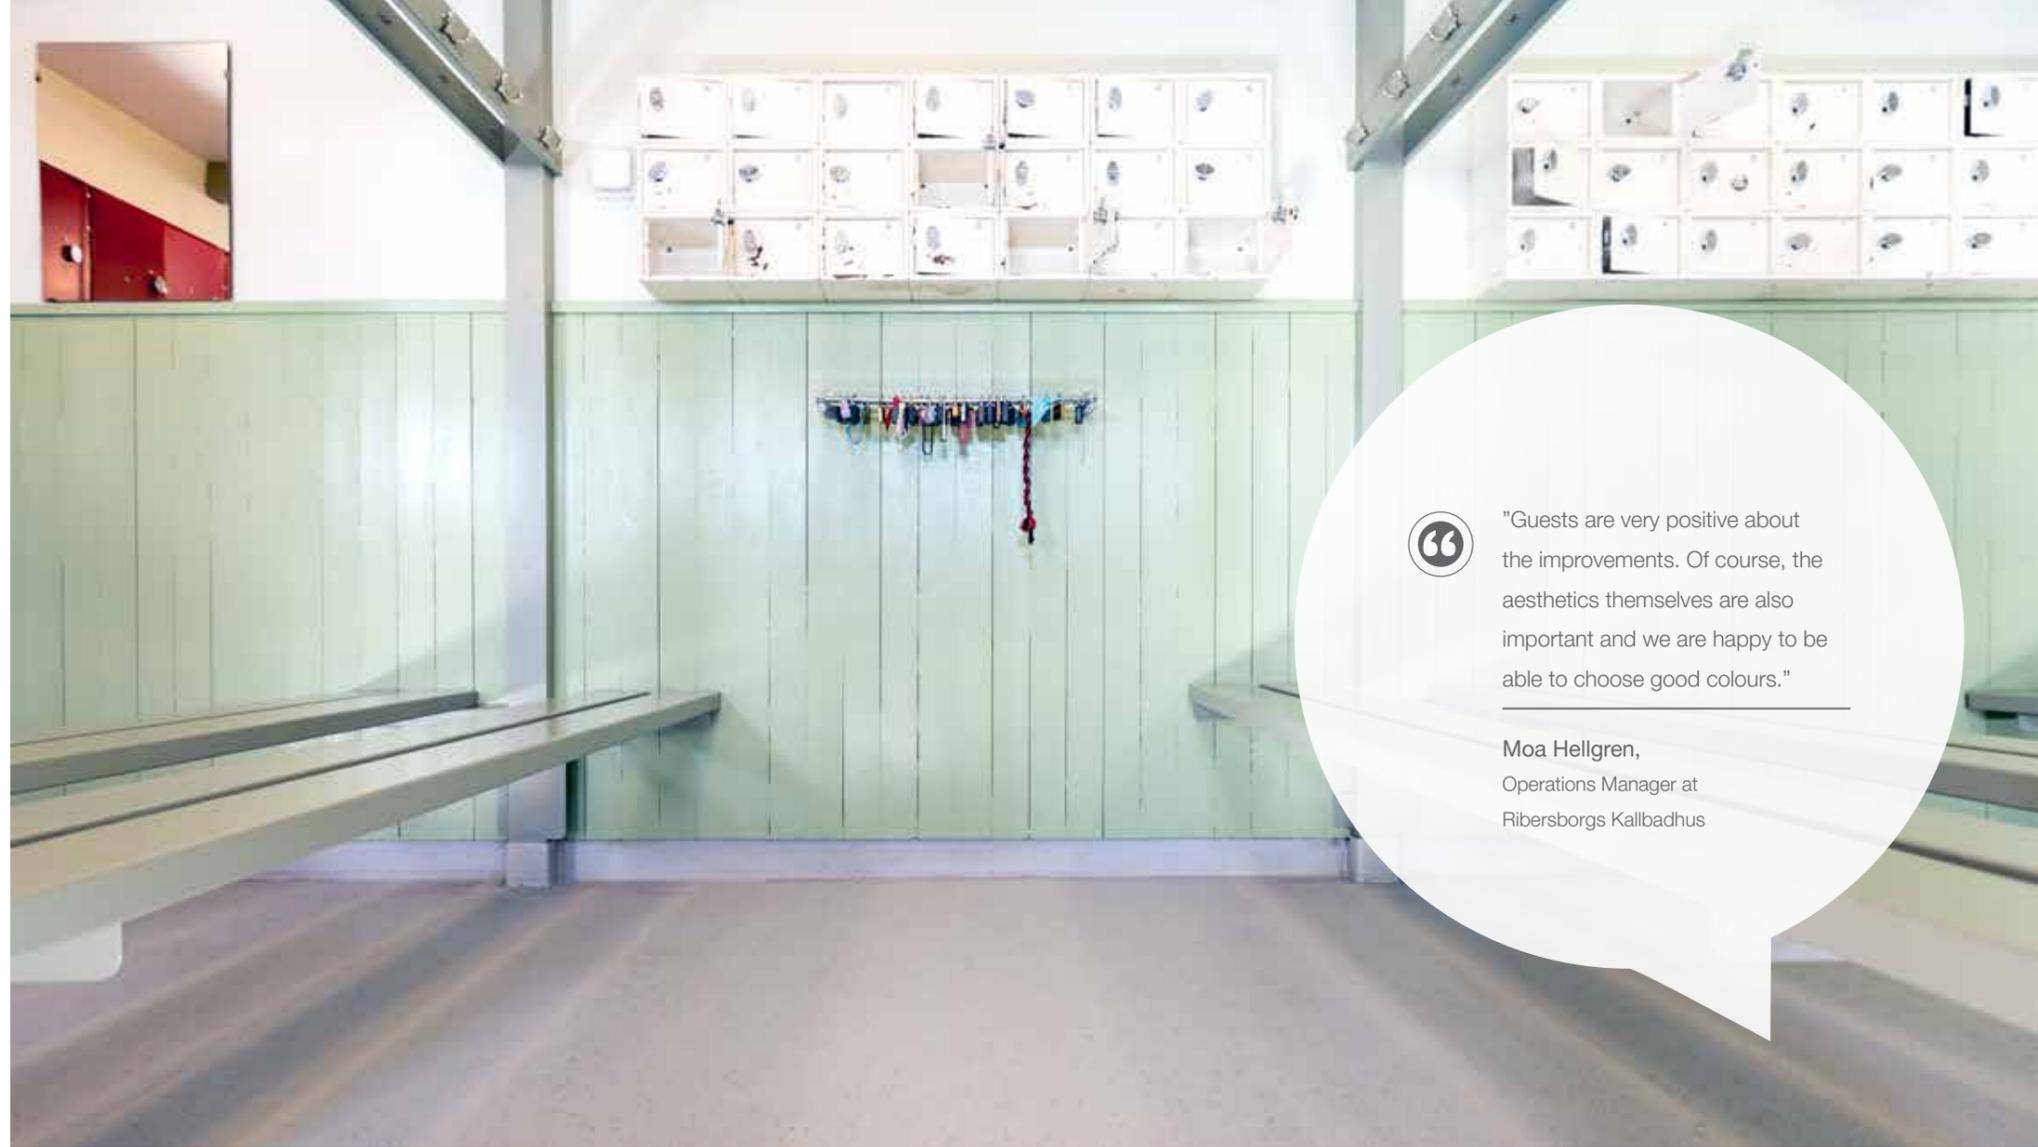

When a large amount of moisture damage was discovered at the popular cold bathing house in Ribersborg in January 2018 it was necessary to solve the problem immediately. With damage to the wood subfloor, there was a lot to consider before commencing the project. It is an historic building is on the water, making the building move.

### Approach

In order to meet the high standards of safety, functionality, hygiene, aesthetics and lasting durability, the project architect chose Altro Aquarius safety floor. Altro Aquarius was installed by Lundströms Golv AB.
