Worcester Regional Transit Authority

## Added safety and durability keeps this busy fleet happy with Altro safety flooring

The Worcester Regional Transit Authority (WRTA) is a regional transit system that services the city of Worcester, Massachusetts and the surrounding 37 communities with a bus fleet that includes 56 city buses (both 35' and 40'), 6 electric buses and over 70 shuttle vehicles.

The WRTA is one of the largest regional transit authorities in Massachusetts. They offer local residents and visitors reliable, comfortable and safe transportation for traveling to work, shopping, school, medical appointments and leisure activities.

Altro Transflor Meta safety flooring has been standard on this fleet for many years and continues to keep Ahmad Yasin, WRTA

Maintenance Manager, happy and satisfied with the added safety and durability Altro flooring offers them.

### Altro Transflor Meta

Altro Transflor Meta is engineered in three thicknesses (1.8mm, 2.2mm, 2.7mm) making it a highly resilient, functional flooring that meets many installation requirements. Silicon carbide and aluminum oxide grains are added for optimum slip resistance. Altro Transflor Meta also benefits from Altro Easyclean Technology for improved cleanliness, reduced pick-up and enhanced color retention.
