Palocortado, Málaga (Spain)

Altro flooring chosen for Palocortado restaurant

Issue

The city of Málaga needed to update its gastronomic offerings, both at a local and culinary level. As a result, a business group undertook a venture of bringing back and capturing a style of cuisine and a few years ago the Palocortado restaurant was launched. The restaurant is a benchmark in the Andalusian city, maintaining the original values of Palocortado: offering the highest quality produce and food in a traditional kitchen with exceptional staging and service.

Approach

The restaurant needed to create an environment in which the client can experience an unbeatable gastronomic experience.

Palocortado looked for a floor that would give coherence to all areas of the restaurant: that could combine with the restaurant's classic design and that was quick to install and easy to maintain.

The partners of Palocortado said: "It is essential to take care of every little detail, both in the kitchen and outside of it."

Solution

New Altro Ensemble modular Flooring system was chosen for Palocortado.

"We have been able to achieve an aesthetic continuity in all the spaces by combining different materials and different settings in an integrated discourse. The wood design complements the identity of this space, providing 15db of sound reduction, its ease of cleaning and its durability in the face of very high traffic," explains Paco Lago from the Interior Design Studio responsible for the project.

"Altro differs from the rest of the floors in the market, mainly due to the comfort underfoot and sound reduction, fundamental in a restaurant. Aesthetically the result is spectacular."

Pablo Rodríguez,
Parquets Pedrosa

Looks great with:

1. Altro Whiterock Satins™
2. Altro Whiterock™ wall designs
3. Altro Whiterock Digiclad™

Altro Ensemble is a modular flooring system that gives you complete design freedom to create stunning floors for interior spaces. From colour blocking to geometric patterns, the possibilities are as endless as your imagination.

Altro Ensemble has 15dB sound reduction with added comfort underfoot, making it perfect for front of house areas in hotels including foyers and reception areas, restaurant and café dining areas, retail, offices and student accommodation – any environment where design is key.

With four modular sizes, you can mix and match to create unique patterns utilising colour and design. Combine with Altro Whiterock wall designs for a unique interior statement.
