Protect passenger safety with step tread kits

Available in 52 colors and 2 nosing options

Most accidents on a bus happen on the stairs. Help prevent slip and fall accidents with custom made step treads for your vehicle or fleet. Our step tread kits provide a quick and tidy solution for these accident prone areas – plus they are easy to install with our handy illustrated installation guide.

We can manufacture complete kits or individual pieces in any size required. We offer two nosing colors and you can pick any color from our product portfolio; Altro Transflor Figura, Altro Transflor Chroma, Altro Transflor Meta and Altro Transflor Wood – that's 52 colors to create the exact look you want!

Step tread kit order form

1. Steps

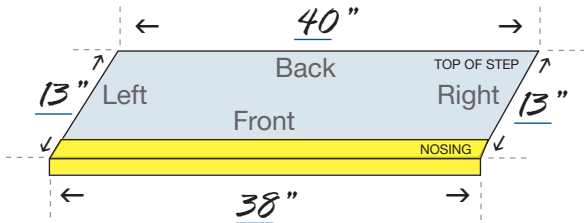

Indicate the number of steps you are ordering: _____

Note: Because stair size can vary please take the following measurements for ALL stairs.

.....

Instructions:

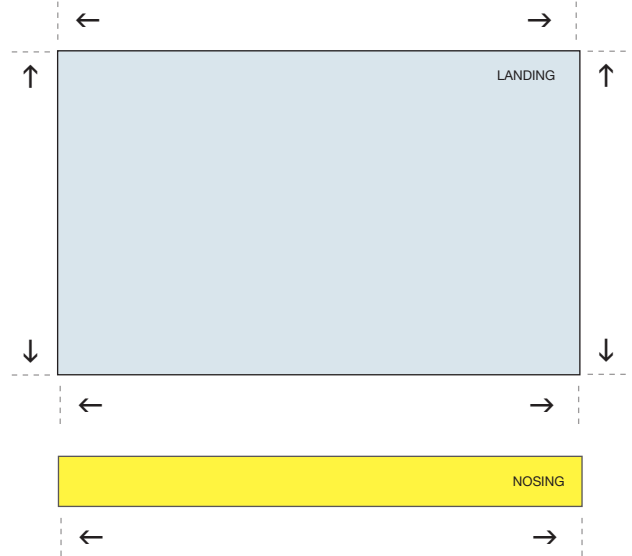

Write in dimensions like in example below.

.....
