

Designed for possibilities.  
Made for people.

Altro case study:  
**The Pantry Restaurant**

**Case Study:**  
The Pantry Restaurant

**Location:**  
Brighton, Melbourne

**Product:**  
Altro Walkway 20/VM20

“

*“We were in the market for a new floor after our previous floor had been worn down especially in the high traffic areas. Originally we were looking at another vinyl product. Once we had heard about the long term durability and life cycle of the Altro floor we knew we had to go with the better quality product. We chose VM20 Pitch to match our interiors and love the new look and moody vibe it provides for the entire restaurant area.”* - **Guy Mainwaring - Owner, The Pantry**

”

The Pantry restaurant has been an important part of the Bayside landscape for twenty years. In a relaxed, stylish setting, their customers can enjoy delicious food served with a smile by their fantastic team. Located in Brighton the fun and friendly restaurant offers a calming environment with gorgeous interiors.

Recently they needed to upgrade the restaurant floor due to wearing in high traffic areas. They were searching for a floor that would stand the test of time and provide a stylish look to match the interior

design. When they heard about Altro safety flooring and the long product guarantees they chose Altro Walkway 20/VM20 in the colour Pitch.

Altro Walkway/VM20 has been popular for over twenty five years because it's easy to cove and weld. It achieves an R10 and a P4 for slip resistance giving sustained slip resistance throughout the lifetime of the product. It also includes PUR cleanability, superior chemical and stain resistance.
